An authorized designee must be a licensed operator for the type of motor vehicle being operated and have attained twenty-one years of age. Such permit must be in the applicant's immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused.

5. A person at least fifteen years of age may operate a motor vehicle as part of a driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or a qualified instructor of a private drivers' education

An intermediate driver's license grants the licensee the same privileges to operate that classification of motor vehicle as a license issued pursuant to section 302.177, except that no person shall operate a motor vehicle on the highways of this state under such an intermediate driver's license between the hours of 1:00 a.m. and 5:00 a.m. unless accompanied by a person described in subsection 1 of section 302.130; except the licensee may operate a motor vehicle without being accompanied if the travel is to or from a school or educational program or activity, a regular place of employment or in emergency situations as defined by the director by regulation. Each intermediate driver's license shall be restricted by requiring that the driver and all passengers in the licensee's vehicle wear safety belts at all times. This safety belt restriction shall not apply to a person operating a motorcycle.

Such person shall pay the required fee for such license as prescribed in section 302.177.

(2) The director of revenue shall deny an application for a full driver's license until the person has had no traffic convictions for which points are assessed for a period of twelve months prior to the date of application for license or until the person is eligible to apply for a six-year driver's license as provided for in section 302.177, provided the applicant is otherwise eligible for full driving privileges. An intermediate driver's license shall expire when the licensee is eligible and receives a full driver's license as prescribed in subdivision (1) of this section.

6. No person upon reaching the age of eighteen years whose intermediate driver's license and driving privilege is denied, suspended, canceled or revoked in this state or any other state, for any reason may apply for a full driver's license until such license or driving privilege is fully reinstated. Any such person whose intermediate driver's license has been revoked pursuant to the provisions of sections 302.010 to 302.540 shall, upon receipt of reinstatement of the revocation from the director, pass the complete driver examination, apply for a new license, and pay the proper fee before again operating a motor vehicle upon the highways of this state.

7. A person shall be exempt from the intermediate licensing requirements if the person has reached the age of eighteen years and meets all other licensing requirements.

8. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.";

The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided herein. Each set of license plates shall bear the name or abbreviated name of this state, the words "Show-Me State", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "Show-Me State" and special plates for members of the national guard will have the "NATIONAL GUARD" wording in preference to the words "Show-Me State".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration.

3. The background of all license plates, or the letters and numerals thereof, shall be coated with a material which will reflect the lights of other vehicles. The nature and specifications of this material shall be determined after a public hearing by the director of revenue, director of prison industries, and superintendent of the state highway patrol, and shall meet the standards established by the state transportation department.

4. Figures on license plates, except those which may be used to designate gross weights for which commercial motor vehicles are registered, shall not be less than three inches in height and the strokes thereof not less than five-sixteenths of an inch in width. In the case of motorcycles and motortricycles, the letters and figures shall be not less than one inch in height and the strokes thereof one-eighth of an inch in width. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

5. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, but only one license plate shall be issued for each such vehicle.

6. The plates issued to manufacturers and dealers shall bear the letter "D" preceding the number, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

7. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the

front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

8. (1) The director of revenue shall issue annually a tab or set of tabs as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates; except that the director shall annually issue a new license plate or set of plates as provided in this section for vehicles registered pursuant to subsection 2 of section 301.277, commercial motor vehicles in excess of twelve thousand pounds, trailers, buses and dealers.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs on the middle of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as provided in subdivision (1) of this subsection, the director of revenue shall issue plates for a period of at least five years.

(5) For those commercial motor vehicles **and trailers** registered pursuant to [an agreement under section 301.277] **section 301.041**, the plate issued by the director of revenue shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered under this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the director of revenue upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highway reciprocity commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the director of revenue shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the director and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highway reciprocity commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

9. The director of revenue may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

[301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided in this section. Unless otherwise provided by law, each license plate or set of license plates issued, renewed or replaced on or after January 1, 1997, shall contain the following:

(1) The name or abbreviated name of this state;

(2) The words "Show-Me State";

(3) The month and year in which the registration shall expire;

(4) An arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue; and

(5) Fully reflective material with a common color scheme and design for each type of license plate issued under this chapter, which shall be designated by an advisory committee established in section 301.129. The license plates shall be clearly visible at night, and shall be aesthetically attractive. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire between January 1, 1997, and December 31, 1997, applicants for registration of trailers or semitrailers with license plates that expire between January 1, 1997, and December 31, 1999, and applicants for registration of vehicles that are to be issued new license plates shall pay an additional fee of up to two dollars and twenty-five cents, based on the actual cost of the reissuance, to cover the cost of the fully reflective plates required by this subsection. Notwithstanding the provisions of subsection 3 of section 301.067 to the contrary, every license plate for a trailer or semitrailer which is permanently registered under subsection 3 of section 301.067 shall be returned to the director of revenue between January 1, 1997, and December 31, 1997, and a license plate which conforms to the provisions of this subsection issued as a replacement plate upon the payment of a one dollar and fifteen cent fee per plate prescribed by this subdivision. The additional fee, based on the actual cost, prescribed by this subdivision shall only be one dollar and fifteen cents for issuance of one new plate for vehicles requiring only one license plate pursuant to subsection 5 or 7 of this section. The additional fee of two dollars and twenty-five cents prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. The department of revenue shall adopt a program whereby all motor vehicle registrations renewed on or after January 1, 1997, will have replacement reflective plates issued for such registration prior to January 1, 2000. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "Show-Me State" and special plates for members of the national guard will have the "NATIONAL GUARD" wording in preference to the words "Show-Me State". Veterans' plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129.

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration.

3. The competitive bidding process used to select a vendor for the material to manufacture the license plates shall consider the aesthetic appearance of the plates and the reflective illumination capability for safety reasons. The advisory committee established in section 301.129 shall adopt specifications for all reflective material. The competitive bidding request for proposal shall contain a deduction in the amount of twenty-eight cents per plate from the cost of the reflective sheeting. The committee may select graphic designs or any of the plate processes approved on January 1, 1997.

4. Figures on license plates, except those which may be used to designate gross weights for which commercial motor vehicles are registered, shall be of a size set by the advisory committee established in section 301.129. In the case of motorcycles, motortricycles and trailers that are pulled by motorcycles or motortricycles, the letters and figures shall be of a size set by the advisory committee. The advisory committee may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

5. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial motor vehicle to be registered at a gross weight in excess of twelve thousand pounds or passenger-carrying commercial motor vehicle may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

6. The plates issued to manufacturers and dealers shall bear the letter "D" preceding the number, and the advisory committee may require the placement upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

7. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the

license plate or set of license plates issued by the director of revenue and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up, or if two plates are issued for the vehicle pursuant to subsection 5 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

8. (1) The director of revenue shall issue annually a tab or set of tabs as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as provided in subdivision (1) of this subsection, the director of revenue shall issue plates for a period of at least five years.

(5) For those commercial motor vehicles registered pursuant to an agreement under section 301.277, the plate issued by the director of revenue shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered under this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the director of revenue upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highway reciprocity commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the director of revenue shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the director and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highway reciprocity commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

9. The director of revenue may prescribe rules and regulations for the effective administration of this section.

10. Any rule or portion of a rule promulgated pursuant to this section may be suspended by the joint committee on administrative rules if after hearing thereon the committee finds that such rule or portion of the rule is beyond or contrary to the statutory authority of the agency which promulgated the rule, or is inconsistent with the legislative intent of the authorizing statute. FIRST REGULAR SESSION

FIFTY-FOURTH DAY--WEDNESDAY, APRIL 11, 2001

The Senate met pursuant to adjournment.

Senator Rohrbach in the Chair.

Reverend Carl Gauck offered the following prayer:

"To do righteousness and justice is more acceptable to the Lord than sacrifice." (Proverbs 21:3)

Merciful God, there are so many bills demanding our attention and we are beginning to wonder what it is that must be done and what is the best thing for us to do as we discern the budget and set values and priorities through it. May You gently push us to seek always that which is right and just in what we deliberate and approve so our hearts may be light and in tune with You our God. Amen.

The Pledge of Allegiance to the Flag was recited.

President Maxwell assumed the Chair.

The application for a commercial driver's license shall include, but not be limited to, the legal name, mailing and residence address, if different, a physical description of the person, including sex, height, weight and eye color, the person's Social Security number, date of birth and any other information deemed appropriate by the director.

A commercial license issued pursuant to an applicant less than twenty-one years of age shall expire on the applicant's birthday the third year after issuance.

3. Within thirty days after moving to this state, the holder of a commercial driver's license shall apply for a commercial driver's license in this state. The applicant shall meet all other requirements of sections 302.700 to 302.780, except that the director may waive the driving test for a commercial driver's license as required in section 302.720 if the applicant for a commercial driver's license has a valid commercial driver's license from a state which

4. Any person who falsifies any information in an application or test for a commercial driver's license shall not be licensed to operate a commercial motor vehicle, or the person's commercial driver's license shall be canceled, for a period of one year after the director discovers such falsification.

304.010. 1. As used in this section, the following terms mean:

(1) "Expressway", a divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which has crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway;

(2) "Freeway", a limited access divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which does not have any crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway within such ten miles of divided highway;

(3) "Rural interstate", that part of the federal interstate highway system that is not located in an urban area;

(4) "Urbanized area", an area of fifty thousand population at a density at or greater than one thousand persons per square mile.

2. Except as otherwise provided in this section, the uniform maximum speed limits are and no vehicle shall be operated in excess of the speed limits established pursuant to this section:

(1) Upon the rural interstates and freeways of this state, seventy miles per hour, **except that no truck registered for a gross weight of more than twenty-four thousand pounds shall be operated in excess of sixty-five miles per hour upon the rural interstates and freeways of this state;**

(2) Upon the rural expressways of this state, sixty-five miles per hour;

(3) Upon the interstate highways, freeways or expressways within the urbanized areas of this state, sixty miles per hour;

(4) All other roads and highways in this state not located in an urbanized area and not provided [by] **for** in subdivisions (1) to (3) of this subsection, sixty miles per hour;

(5) All other roads provided for in subdivision (4) of this subsection shall not include any state two-lane road which is identified by letter. Such lettered roads shall not exceed fifty-five miles per hour unless set at a higher speed as established by the department of transportation, except that no speed limit shall be set higher than sixty miles per hour;

(6) For the purposes of enforcing the speed limit laws of this state, it is a rebuttable presumption that the posted speed limit is the legal speed limit.

3. On any state road or highway where the speed limit is not set pursuant to a local ordinance, the highways and transportation commission may set a speed limit higher or lower than the uniform maximum speed limit provided in subsection 2 of this section, if a higher or lower speed limit is recommended by the department of transportation. The department of public safety, where it believes for safety reasons, or to expedite the flow of traffic a higher or lower speed limit is warranted, may request the department of transportation to raise or lower such speed limit, except that no speed limit shall be set higher than seventy miles per hour.

4. Notwithstanding the provisions of section 304.120 or any other provision of law to the contrary, cities, towns and villages may regulate the speed of vehicles on state roads and highways within such cities', towns' or villages' corporate limits by ordinance with the approval of the state highways and transportation commission. Any reduction of speed in cities, towns or villages shall be designed to expedite the flow of traffic on such state roads and highways to the extent consistent with public safety. The commission may declare any ordinance void if it finds that such ordinance

is:

(1) Not primarily designed to expedite traffic flow; and

(2) Primarily designed to produce revenue for the city, town or village which enacted such ordinance. If an ordinance is declared void, the city, town or village shall have any future proposed ordinance approved by the highways and transportation commission before such ordinance may take effect.

5. The county commission of any county of the second, third or fourth classification may set the speed limit or the weight limit or both the speed limit and the weight limit on roads or bridges on any county, township or road district road in the county and, with the approval of the state highways and transportation commission, on any state road or highway not within the limits of any incorporated city, town or village, lower than the uniform maximum speed limit as provided in subsection 2 of this section where the condition of the road or the nature of the area requires a lower speed. The commission shall send copies of any order establishing a speed limit or weight limit on roads and bridges on a county, township or road district road in the county to the chief engineer of the state department of transportation, the superintendent of the state highway patrol and to any township or road district maintaining roads in the county. After the roads have been properly marked by signs indicating the speed limits and weight limits set by the county commission, the speed limits and weight limits shall be of the same effect as the speed limits provided for in subsection [1] 2 of this section and shall be enforced by the state highway patrol and the county sheriff as if such speed limits and weight limits were established by state law.

6. All road signs indicating speed limits or weight limits shall be uniform in size, shape, lettering and coloring and shall conform to standards established by the department of transportation.

7. The provisions of this section shall not be construed to alter any speed limit set below fifty-five miles per hour by any ordinance of any county, city, town or village of the state adopted before March 13, 1996.

8. The speed limits established pursuant to this section shall not apply to the operation of any emergency vehicle as defined in section 304.022.

9. A violation of the provisions of this section shall not be construed to relieve the parties in any civil action on any claim or counterclaim from the burden of proving negligence or contributory negligence as the proximate cause of any accident or as the defense to a negligence action.

10. Any person violating the provisions of this section is guilty of a class C misdemeanor, unless such person was exceeding the posted speed limit by twenty miles per hour or more then it is a class B misdemeanor.

11. As used in this section, the word "truck" means any vehicle, machine, tractor, trailer or semitrailer, or any combination thereof, propelled or drawn by mechanical power and designed for or used in the transportation of property upon the highways. The term "truck" also includes a commercial motor vehicle as defined in section 301.010, RSMo.

12. (1) The operator of any truck registered for a gross weight of more than twenty-four thousand pounds operating such vehicle at a speed in excess of seventy miles per hour shall be fined one thousand dollars.

(2) The fine provided for in this subsection is in addition to all other fines and court costs imposed for the speeding violation.

622.030. 1. The administrative law judges shall assume all the duties concerning transportation activities heretofore imposed upon the commissioners of the public service commission in their quasi-judicial capacity and function. All ministerial duties shall be performed by the division, and the administrative law judges shall not be responsible for those activities. The administrative law judges shall hear and decide all matters concerning transportation activities which the public service commission or public service commissioners would have been required to hear and decide in a quasi-judicial capacity.

2. Each administrative law judge may exercise all powers granted to the division without the concurrence of any other administrative law judge, except with respect to the rulemaking powers, in which all administrative law judges must concur. The method of assignment of petitions, appeals or other cases may be determined by rule or other agreement between the administrative law judges. Except as provided in section 622.035, all hearings before the administrative law judges shall be governed by rules adopted by them. In all investigations, inquiries or hearings before the division or the administrative law judges, neither the administrative law judges nor the division shall be bound by technical rules of evidence. No formality in any proceeding nor in the manner of taking testimony before the division or an administrative law judge shall invalidate any order, decision, rule or regulation made, approved or confirmed by the division or administrative law judge.

3. The division [may] **shall** charge a [reasonable] docket fee [as may be set by rule] **of two hundred dollars** to be paid upon the filing of any petition, application, complaint, or other request for relief or authority by any party other than the division staff. All such docket fees shall be paid to the state director of revenue at the time of the filing of any such petition, application, complaint or other request for relief or authority, and the same shall be deposited by the state director of revenue in the [highway] **state highways and transportation department** fund of the state of Missouri.

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted and third read **HCR 5**.

HOUSE CONCURRENT RESOLUTION NO. 5

WHEREAS, telecommunications services and energy services and sources are vital to the economic vitality and well-being of the state of Missouri; and

WHEREAS, the nationwide trend toward deregulation of telecommunications services and energy services and sources has created competitive markets and made available new services and customer choices; and

WHEREAS, the state and political subdivisions have imposed taxes, fees and other assessments on various telecommunications and energy services which vary widely based on locality and, within a locality, may vary widely due to increasingly related and competitive services, such as telephone and cable television; and

WHEREAS, the current nationwide trend toward competition in the production, distribution and sale of energy, including electricity, natural gas and other energy sources has potential benefits and adverse effects on energy producers, distributors, retailers, customers and the citizens of this state; and

WHEREAS, ensuring adequate and affordable telecommunications services and energy services and sources necessitate a fair and equitable tax structure across different telecommunications and energy services and across different regions of the state; and

WHEREAS, the issue of whether governmental entities should expend public resources to compete with private telecommunications and energy entities should be explored; and

WHEREAS, a Joint Interim Committee on Telecom-munications and Energy has studied the above-mentioned issues during the tenure of the Ninetieth General Assembly and recommends that a similar study committee be established to continue the study during the tenure of the Ninety-first General Assembly:

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, that a joint legislative study committee of the General Assembly be created to be composed of seven members of the House of Representatives, to be appointed by the Speaker of the House of Representatives, and seven members of the Senate, to be appointed by the President Pro Tem of the Senate, and that said committee be authorized to function throughout the Ninety-first General Assembly; and

BE IT FURTHER RESOLVED that said committee continue and expand the in-depth studies conducted by prior Joint Interim Committees on Telecommunications and Energy and make appropriate recommendations concerning financial, legal, social, taxation, environmental, technological and economic issues of telecommunications, cable television, all Internet services, including asymmetrical digital subscriber lines (ADSL) and service via cable lines, and energy services taxation, competition between governmental entities and private telecommunication entities, and any other issues the committee deems relevant; and

BE IT FURTHER RESOLVED that said committee continue and expand the in-depth studies conducted by prior Joint Interim Committees on Telecommunications and Energy and make appropriate recommendations concerning financial, legal, social, taxation, environmental, technological

and economic issues of deregulation and increasing competition in energy production, distribution and sale, including consideration of the effects on residential customers, small and large business customers, utility shareholders and other stakeholders, and any other issues the committee deems relevant; and

BE IT FURTHER RESOLVED that said committee prepare an interim report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the Second Regular Session of the Ninety-first General Assembly and a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the First Regular Session of the Ninety-second General Assembly; and

BE IT FURTHER RESOLVED that said committee may solicit any input and information necessary to fulfill its obligations from the Missouri Public Service Commission, the Department of Economic Development, the Division of Energy within the Department of Natural Resources, the Office of Public Counsel, political subdivisions of this state, telecommunications and energy service providers, energy utilities and representatives of all telecommunications and energy customer groups; and

BE IT FURTHER RESOLVED that House Research, the Committee on Legislative Research, and Senate Research shall provide such legal, research, clerical, technical and bill drafting services as the committee may require in the performance of its duties; and

BE IT FURTHER RESOLVED that the actual and necessary expenses of the committee, its members and any staff personnel assigned to the committee incurred in attending meetings of the committee or any subcommittee thereof shall be paid from the Joint Contingent Fund.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted and third read **HCR 10**.

HOUSE CONCURRENT RESOLUTION NO. 10

WHEREAS, the original passage of the federal Individuals with Disabilities Education Act (IDEA) in 1975 established a program of free appropriate public education to better enable students with disabilities to achieve their greatest potential; and

WHEREAS, IDEA also represented an advance in civil rights for disabled children through equal protection; and

WHEREAS, Missouri has demonstrated a strong commitment to serving our children with disabilities through provision of special education and related services to over 127,000 students (14.18 percent of public school enrollment); and

WHEREAS, the original intent of the 94th Congress was to fund IDEA at 40% of its cost, but funding has never exceeded 13%; and

WHEREAS, federal law requires school districts to meet federal standards, but Congress has not provided the promised funding necessary to achieve those standards; and

WHEREAS, Missouri and several other states have legal prohibitions on passing unfunded mandates to the local level and therefore must either make up the shortfall or ask local districts to do so and thereby risk litigation; and

WHEREAS, local districts must then cover the mandated expenses of special education and reduce funding for teachers, textbooks and supplies, building maintenance and repair, as well as meet the counterproductive reporting burden which severely reduces teacher availability;

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge that before the 107th Congress considers any other education initiatives, that IDEA receive prompt and full funding, and the reporting requirements of IDEA be significantly reduced; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and every member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted and third read **HCR 24**.

HOUSE CONCURRENT RESOLUTION NO. 24

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs, and the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel costs that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by increasing domestic production and encouraging the development of markets for products that can be used as the source material for renewable alternative fuels:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to actively address the issue of fuel prices and take immediate actions necessary to reduce our nation's dependency on foreign petroleum sources and boost our own economy by:

(1) Enacting reasonable price supports for domestically produced crude oil and in other ways encouraging exploration for domestic petroleum sources in a manner that does not adversely impact the environment;

(2) Encouraging and creating incentives for fuel conservation measures that do not harm the economy; and

(3) Encouraging and creating incentives for research, development and use of alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

MESSAGES FROM THE HOUSE

The following message was received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted and third read **HS** for **HCR 6**.

HOUSE SUBSTITUTE FOR

HOUSE CONCURRENT RESOLUTION NO. 6

WHEREAS, the United States Fish and Wildlife Service has recommended that the United States Army Corps of Engineers implement the so-called "spring rise-split season" plan for operation of the Missouri River mainstem reservoir system. This plan would result in an increase in the flow of the Missouri River in the spring and a reduction of the flow in the summer of each year, purportedly to improve habitat for the threatened and endangered pallid sturgeon, least tern and piping plover; and

WHEREAS, additional changes under consideration by the United States Army Corps of Engineers to the Missouri River Master Manual would result in the storage of more water in the upstream reservoirs while decreasing the amount of water available downstream for designated uses. These changes would shorten the navigation season on the Missouri River by twenty-seven days in November and put at risk Mississippi River navigation as well; and

WHEREAS, analysis of the proposed changes by the state of Missouri and the United States Army Corps of Engineers has indicated these changes will fail to improve and will potentially diminish habitat for the species in question, will increase the risk of flooding along the Missouri River, and will result in a decrease in river levels in early summer and fall which will impact navigation and other designated uses on the Missouri and Mississippi Rivers; and

WHEREAS, habitat restoration along the lower Mississippi River has demonstrated great success in aiding the recovery of these species and a similar approach should be given the opportunity to succeed on the Missouri River; and

WHEREAS, these plans have the potential for severe impact on any industry which uses the Missouri River or Mississippi River to transport products and the potential to increase risk of flooding in river communities and on farm land in the Missouri and lower Mississippi River basins; and

WHEREAS, these proposals do not adequately address the concerns and needs of states in the lower Missouri and Mississippi River basin, and will not realize the purported benefit of increasing habitat for endangered species; and

WHEREAS, the Missouri departments of natural resources, conservation and transportation have opposed these plans and have informed the Fish and Wildlife Service and the United States Army Corps of Engineers of their concerns regarding the potential impact on the state's river communities, lands, businesses and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives, Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the Governor to protest against any proposals that would so negatively impact beneficial uses of the lower Missouri and Mississippi Rivers and would not significantly improve conditions for the species of concern; and

BE IT FURTHER RESOLVED that the members of the General Assembly urge the Department of Natural Resources, the Department of Conservation and the Department of Transportation to continue to insist that any plan involving the operations of the Missouri River improve the Missouri River for all beneficial uses and be sure any river management changes are based on sound science; and

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be instructed to prepare properly inscribed copies of this resolution for the United States Fish and Wildlife Service, the United States Army Corps of Engineers, the Governor of Missouri, the Director of the Department of Natural Resources, the Director of the Department of Conservation and the Director of the Department of Transportation.

In which the concurrence of the Senate is respectfully requested.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-SIXTH DAY--TUESDAY, APRIL 17, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

God of Mercy, we return prayerfully rested, thankful for moments to lie down among blooming flowers and blossoming trees and be refreshed. We return with many demands from people pushing and prodding us so we feel like straws forced into positions we are expected to take. Help us this week to continually turn to You for the power to serve even when pushed and make decisions according to Your will. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Thursday, April 12, 2001, was read and approved.

The following Senators were present during the day's proceedings:

The Lieutenant Governor was present.

Senator Jacob rose to seek recognition to submit a newspaper article for printing in the Senate Journal.

Senator Klarich raised the point of order that under the provisions of Senate Rule 18, Senator Jacob's request that a newspaper article be printed in the Journal is out of order as it does not refer to a proceeding of the Senate and should not be printed unless ordered to be printed in the Journal by the Senate.

The point of order was referred to the President Pro Tem.

At the request of Senator Jacob, the request for printing was withdrawn, rendering the point of order moot.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-EIGHTH DAY--THURSDAY, APRIL 19, 2001

The Senate met pursuant to adjournment.

Senator Rohrbach in the Chair.

Reverend Carl Gauck offered the following prayer:

"In regard to the moral character generally of our ancestors, the settlers of New England, my opinion is that they possessed all the Christian virtues but charity; and they seem never to have doubted that they possessed that also." (Daniel Webster, October 14, 1826)

Loving Lord, we pray that this day and coming weekend You will bestow upon us a charitable love that lubricates our varied relationships in life. May our love be soothing for those we live with, bringing harmony and deep caring for one another. And we would pray, help us have a sense of charity as we minister to those in our state who stand in need of our help and what we have to offer. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE COMMITTEE SUBSTITUTE FOR

HOUSE CONCURRENT RESOLUTION NO. 24

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, with natural gas selling at record highs, the production of reformulated gasolines containing MTBE, an additive made from natural gas, has been significantly reduced, resulting in shortages of reformulated gasoline in regions of the country dependent on the use of such gasoline blends to meet the federal government's antipollution standards; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs, and the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel cost that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by increasing domestic production and encouraging the development of markets for products that can be used as the source material for renewable alternative fuels:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to actively address the issue of fuel prices and take immediate actions necessary to reduce our nation's dependency on foreign petroleum sources and boost our own economy by:

- (1) Encouraging exploration for domestic petroleum sources in a manner that does not adversely impact the environment;
- (2) Encouraging and creating incentives for fuel conservation measures that do not harm the economy; and
- (3) Encouraging and creating incentives for research, development and use of solar and other alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate and each member of the Missouri Congressional delegation.

SENATE RESOLUTION NO. 602

WHEREAS, the national economy and financial markets have begun to experience significant slowing; and

WHEREAS, the federal government is taking an ever larger percentage of taxes from working Americans and American businesses; and

WHEREAS, President George Bush last year campaigned on the need for a substantial federal tax cut for all Americans; and

WHEREAS, the Missouri Senate strives to responsibly reflect the community spirit and job creation attitudes of main street America; and

WHEREAS, the Missouri Senate has long advocated market-based solutions as well as efficiencies in the spending of state and federal governments; and

WHEREAS, the Missouri Senate believes that reducing marginal rates on all taxpayers will bolster confidence, put disposable income in the hands of consumers and stimulate economic growth; and

WHEREAS, the Missouri Senate, with this resolution, is joining as a leader of the Tax Relief Coalition, a rapidly growing group of several hundred

trade associations, chambers of commerce, businesses and citizens groups that advocate for the general components of President Bush's 2001 tax package; and

WHEREAS, the United States Congress is currently considering the first substantial, broad-based income tax reduction in almost a decade:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-First General Assembly, First Regular Session, hereby urge the Missouri delegation of the United States House of Representatives and the United States Senate to support a tax cut that is:

- (1) Clean, fair and substantial - close to the 10-year \$1.6 trillion package that the President is currently proposing, including reductions in marginal tax rates and the number of tax brackets for all Americans, elimination of the estate tax to ease the planning burdens and multiple taxation on millions of small businesses, doubling the child tax credit, and reducing the marriage penalty;
- (2) Retroactive to the beginning of this year, to immediately restore consumer confidence and jump-start our economy;
- (3) Devoid of gimmicks such as triggers and other devices designed to delay the tax cut from occurring, which would be a burden on small businesses and all taxpayers; and
- (4) Not turned into an overburdened tax vehicle to create credits and loopholes for special interests in Washington, D.C.; and

BE IT FURTHER RESOLVED that the members of the Missouri Senate, urge the Missouri delegation of the United States House of Representatives and the United States Senate to act quickly on this proposal, and to work with the President in a bipartisan manner to attempt to get a substantial tax package signed into law before July 1, 2001; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for United States Senator Christopher S. Bond, United States Senator Jean Carnahan, United States Representative William (Lacy) Clay, Jr., United States Representative Todd Akin, United States Representative Richard Gephardt, United States Representative Ike Skelton, United States Representative Karen McCarthy, United States Representative Samuel Graves, United States Representative Roy D. Journal of the Senate

FIRST REGULAR SESSION

FIFTY-NINTH DAY--MONDAY, APRIL 23, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"That which had not been told them they shall see." (Isaiah 52:15)

Gracious God, we are grateful for our safe passage through rain and wind to take up our responsibilities here once again. We are so mindful that this is a very public arena and even those things that are done quietly are made known. Let our actions and our words always speak the truth and be nothing that we are ever ashamed of. Bless us with Your presence and guide our every waking step. Amen.

Except as provided in section 287.140, no compensation shall be payable for the first three days or less of disability during which the employer is open for the purpose of operating its business or enterprise unless the disability shall last longer than fourteen days. If the disability lasts longer than fourteen days, payment for the first three days shall be made retroactively to the claimant.

2. Compensation shall be payable as the wages were paid prior to the injury, but in any event at least once every two weeks. If an injured employee claims benefits pursuant to this section, an employer may, if the employee agrees in writing, pay directly to the employee any benefits due pursuant to section 287.170. The employer shall continue such payments until the insurer starts making the payments or the claim is contested by any party. Where the claim is found to be compensable the employer's workers' compensation insurer shall indemnify the employer for any payments made pursuant to this subsection. If the employee's claim is found to be fraudulent or noncompensable, after a hearing, the employee shall reimburse the employer, or the insurer if the insurer has indemnified the employer, for any benefits received either by a:

(1) Lump sum payment;

(2) Refund of the compensation equivalent of any accumulated sick or disability leave;

(3) Payroll deduction; or

(4) Secured installment plan. If the employee is no longer employed by such employer, the employer may garnish the employee's wages or execute upon any property, except real estate, of the employee. Nothing in this subsection shall be construed to require any employer to make payments directly to the employee.

3. Where weekly benefit payments that are not being contested by the employer or his insurer are due, and if such weekly benefit payments are made more than [thirty] **fifteen** days after becoming due, the weekly benefit payments that are late shall be increased by ten percent simple interest per annum **from the date when due until paid. No interest shall accrue until fifteen days after the entry of the award by the administrative law judge.** [Provided, however, that if such claim for weekly compensation is contested by the employee, and the employer or his insurer have not paid the disputed weekly benefit payments or lump sum within thirty days of when the administrative law judge's order becomes final, or from the date of a decision by the labor and industrial relations commission, or from the date of the last judicial review, whichever is later, interest on such disputed weekly benefit payments or lump sum so ordered, shall be increased by ten percent simple interest per annum beginning thirty days from the date of such order. Provided, however, that if such claims for weekly compensation are contested solely by the employer or insurer, no interest shall be payable until after thirty days after the award of the administrative law judge. The state of Missouri or any of its political subdivisions, as an employer, is liable for any such interest assessed against it for failure to promptly pay on any award issued against it under this chapter.] **Interest shall be due fifteen days after an award of the administrative law judge unless and to the extent the award may otherwise be modified upon review by the commission or appeal to an appellate court.**

4. Compensation shall be payable in accordance with the rules given in sections 287.170, 287.180, 287.190, 287.200, 287.240, and 287.250.

SENATE AMENDMENT NO. 4

Amend Senate Committee Substitute for Senate Bill No. 505, Page 3, Section 287.020, Line 85, by inserting immediately after said line the following:

"287.210. 1. After an employee has received an injury he shall from time to time thereafter during disability submit to reasonable medical examination at the request of the employer, his insurer, **the state if there is a second injury claim,** the commission, the division or an administrative law judge, the time and place of which shall be fixed with due regard to the convenience of the employee and his physical condition and ability to attend. The employee may have his own physician present, and if the employee refuses to submit to the examination, or in any way obstructs it, his right to compensation shall be forfeited during such period unless in the opinion of the commission the circumstances justify the refusal or obstruction.

2. The commission, the division or administrative law judge shall, when deemed necessary, appoint a duly qualified impartial physician to examine the injured employee, and any physician so chosen, if he accepts the appointment, shall promptly make the examination requested and make a complete medical report to the commission or the division in such duplication as to provide all parties with copies thereof. The physician's fee shall be fair and reasonable, as provided in subsection 3 of section 287.140, and the fee and other reasonable costs of the impartial examination may be paid as other costs under this chapter. If all the parties shall have had reasonable access thereto, the report of the physician shall be admissible in evidence.

3. The testimony of any physician who treated or examined the injured employee shall be admissible in evidence in any proceedings for compensation under this chapter, but only if the medical report of the physician has been made available to all parties as in this section provided. Immediately upon receipt of notice from the division or the commission setting a date for hearing of a case in which the nature and extent of an employee's disability is to be determined, the parties or their attorneys shall arrange, without charge or costs, each to the other, for an exchange of all medical reports, including those made both by treating and examining physician or physicians, to the end that the parties may be commonly informed of all medical findings and opinions. The exchange of medical reports shall be made at least seven days before the date set for the hearing and failure of any party to comply may be grounds for asking for and receiving a continuance, upon proper showing by the party to whom the medical reports were not furnished. If any party fails or refuses to furnish the opposing party with the medical report of the treating or examining physician at least seven days before such physician's deposition or personal testimony at the hearing, as in this section provided, upon the objection of the party who was not provided with the medical report, the physician shall not be permitted to testify at that hearing or by medical deposition.

4. Upon request, an administrative law judge, the division, or the commission shall be provided with a copy of any medical report.

5. As used in this chapter the terms "physician's report" and "medical report" mean the report of any physician made on any printed form authorized by the division or the commission or any complete medical report. As used in this chapter the term "complete medical report" means the report of a physician giving the physician's qualifications and the patient's history, complaints, details of the findings of any and all laboratory, X-ray and all other technical examinations, diagnosis, prognosis, nature of disability, if any, and an estimate of the percentage of permanent partial disability, if any. An element or elements of a complete medical report may be met by the physician's records.

6. Upon the request of a party, the physician or physicians who treated or are treating the injured employee shall be required to furnish to the parties a rating and complete medical report on the injured employee, at the expense of the party selecting the physician, along with a complete copy of the physician's clinical record including copies of any records and reports received from other health care providers.

7. The testimony of a treating or examining physician may be submitted in evidence on the issues in controversy by a complete medical report and shall be admissible without other foundational evidence subject to compliance with the

following procedures. The party intending to submit a complete medical report in evidence shall give notice at least sixty days prior to the hearing to all parties and shall provide reasonable opportunity to all parties to obtain cross-examination testimony of the physician by deposition. The notice shall include a copy of the report and all the clinical and treatment records of the physician including copies of all records and reports received by the physician from other health care providers. The party offering the report must make the physician available for cross-examination testimony by deposition not later than seven days before the matter is set for hearing, and each cross-examiner shall compensate the physician for the portion of testimony obtained in an amount not to exceed a rate of reasonable compensation taking into consideration the specialty practiced by the physician. Cross-examination testimony shall not bind the cross-examining party. Any testimony obtained by the offering party shall be at that party's expense on a proportional basis, including the deposition fee of the physician. Upon request of any party, the party offering a complete medical report in evidence must also make available copies of X rays or other diagnostic studies obtained by or relied upon by the physician. Within ten days after receipt of such notice a party shall dispute whether a report meets the requirements of a complete medical report by providing written objections to the offering party stating the grounds for the dispute, and at the request of any party, the administrative law judge shall rule upon such objections upon pretrial hearing whether the report meets the requirements of a complete medical report and upon the admissibility of the report or portions thereof. If no objections are filed the report is admissible, and any objections thereto are deemed waived. Nothing herein shall prevent the parties from agreeing to admit medical reports or records by consent. [The provisions of this subsection shall not apply to claims against the second injury fund.]

8. Certified copies of the proceedings before any coroner holding an inquest over the body of any employee receiving an injury in the course of his employment resulting in death shall be admissible in evidence in any proceedings for compensation under this chapter, and it shall be the duty of the coroner to give notice of the inquest to the employer and the dependents of the deceased employee, who shall have the right to cross-examine the witness.

9. The division or the commission may in its discretion in extraordinary cases order a postmortem examination and for that purpose may also order a body exhumed." ; and

Further amend the title and enacting clause accordingly.

Senator Schneider moved that the above amendment be adopted, which motion prevailed.

Senator Loudon moved that **SCS** for **SB 505**, as amended, be adopted, which motion prevailed.

On motion of Senator Loudon, **SCS** for **SB 505**, as amended, was declared perfected and ordered printed.

Journal of the Senate

FIRST REGULAR SESSION

SIXTIETH DAY--TUESDAY, APRIL 24, 2001

The Senate met pursuant to adjournment.

Senator Gross in the Chair.

Reverend Carl Gauck offered the following prayer:

"My thoughts are not your thoughts, nor are your ways my ways, says the Lord." (Isaiah 55:8)

Heavenly Father, You are invisible to mortal eyes but You have called us to be a holy people so that we might see you through the words and actions of Your people. In our times of need help us to remember that we are members of Your body, brought together by Your providence, so that through faith all things may be possible as we work together to do Your will and serve the people of Missouri. And Father be with our Sergeant-at-Arms as he prepares for surgery, and let Your healing power flow through his body. Amen.

WHEREAS, the citizens of Missouri believe in the principles of free markets, limited government, federalism and individual liberty are essential to providing the greatest amount of economic and political freedom for our citizens; and

WHEREAS, careful stewardship of our nation's precious natural resources is essential if future generations are to enjoy and prosper from them; and

WHEREAS, voluntary industry leadership in the private sector is the best method of productive and economically viable environmental stewardship of our land, forests, water and wild life; and

WHEREAS, the General Assembly believes that voluntary forest product management and leadership by the private sector in sustaining forest resources is preferable to government imposed resource management mandates; and

WHEREAS, Americans have taken pride in their nations' rich bounty of natural resources, and careful stewardship of these precious assets is essential if future generations are to enjoy and benefit from them; and

WHEREAS, the forest products industry, an essential component of the nation's economy sustaining businesses, families, and rural communities since its founding, is comprised of more than 34,000 employees and 400,000 forest landowners; and

WHEREAS, close to one-third of the nation's land is forested, with 14 million acres in Missouri alone, the vital importance of the industry underscores the necessity for intelligent management of the over 736 million acres of America's forest land; and

WHEREAS, the forest products industry relies on forest resources to make this state one of the leading producers of wood flooring, staves, furniture, cabinetry, lumber, pallets, charcoal, and other wood products, and to meet society's increasing demand for wood and wood-related products important to our nation's quality of life; and

WHEREAS, America's forest products companies have made considerable capital improvements in recycling, and the industry nationally has voluntarily set a goal to recover 50% of the paper it produces; and

WHEREAS, Missouri's forest products industry, in recognition of its stewardship responsibilities in nurturing the forest resources, has pledged itself to the continuing principles of sustainable forestry by initiating the "Sustainable Forestry Initiative Program", a comprehensive program committed to responsible environmental stewardship of the forests, water resources and wild life; and

WHEREAS, the goal of the Sustainable Forestry Initiative Program is to educate the public as to the importance of industry leadership in voluntarily protecting these valuable resources, and to promote the monitor progress made toward this worthy goal; and

WHEREAS, the Missouri Forest Products Association's members are actively demonstrating a commitment to the principles of sustainable forestry and are bench marking this commitment by implementing Sustainable Forestry Initiative Program principles and practices, such as prompt reforestation and protection of water quality and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, recognize the Missouri Forest Products Association's member companies, forest landowners and loggers and the state's forest products industry for its commitment to the responsible use of natural resources, and commend the creation and implementation of the Sustainable Forestry Initiative Program as a means to this end; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare copies of this resolution for the Missouri Forest Products Association.

"376.1500. 1. This section shall be known as the "Agricultural Relief Act of 2001". In order to maintain viability of the family farm and solo producers, prompt pay for the sale of agricultural commodities is a necessity. Herein is a mechanism that mandates fair and speedy payment of agricultural products by anyone carrying any type of insurance.

2. This section shall not apply to contracts between an agricultural producer and a broker, distributor, or end user, dealing with the delivery of agricultural commodities entered into and renewed before August 28, 2001. All future written or unwritten contracts after August 28, 2001, for delivery of agricultural commodities shall be covered by this section.

3. No agricultural commodities seller or agricultural added value producer shall be entitled to payment for the sale of their commodities unless specifically delineated in a contract signed and agreed to in advance. Within forty-five days after the receipt of the agricultural commodity, the purchaser of said commodity shall have an additional ten days to verify the quantity, consistency, and proposed or alleged validity of the sale of said agricultural commodity. If additional information is necessary to determine whether all or part of the sale of the agricultural commodity should be reimbursed, the purchaser shall send the seller or producer a complete description of all specific additional information necessary to process the sale. Verification of delivery to the purchaser can be made either in person, by registered mail, or electronic transfer of title to the said commodities. Until verification is received by the purchaser, no payment is necessary nor do the time limits begin to become effective pursuant to this section. If after fifty-five days and unlimited inquiry to the validity of the sale of the agricultural commodities, an interest penalty of one percent per annum will be added to the final payment.

4. In addition to other remedies provided by law, a person who has filed a claim for reimbursement for agricultural commodities may file a civil action against the agricultural purchaser for any violation of this section, provided that such person may not file a civil action until thirty days following the receipt by the purchaser of a certified letter notifying the purchaser of said producers' intention to file a civil action pursuant to this section. Such notice must be included in the information previously submitted to the purchaser on the claim for reimbursement as to the quantity, validity, and insurability of said agricultural commodities. No civil action may be filed on any claim in interest paid within a thirty-day grace period.

5. For the purposes of this section "agricultural provider", shall mean one who enters into the agricultural endeavors for the purposes of growing, raising, or creating a value of an agricultural commodity. For the purposes of this section, an agricultural purchaser, distributor, and manufacturer shall be defined as one who takes agricultural commodities from a farm environment and adds value. Additionally, the purchaser of agriculture commodities is permitted to sell, manufacture, and distribute the agricultural commodities at any time but must reimburse and make arrangements for payment to the producer at least one hundred eighty days following the distribution, manufacturer, and consumption of agricultural commodities.

6. The requirements of this section shall apply to all agricultural producers, purchasers, manufacturers, and distributors that have any health care insurance, business insurance, financial insurance, workers' compensation insurance, or any other insurance plan covering one more of the parties involved pursuant to this section."; and

SIXTY-FIRST DAY--WEDNESDAY, APRIL 25, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

Jean-Pierre De Caussade noted: "We can only know through our suffering and our actions what experience taught us. It is the breath of the Holy Spirit whispering the words of life to the heart, and everything we say to others must come from this source."

Loving Father, You seek always to help us improve our lives and learn from the various trials and triumphs we experience in life. May Your Holy Spirit guide our hearts and minds so that everything we say and do reflects what we have learned from You and improves the lives of others as well. Amen.

The Pledge of Allegiance to the Flag was recited.

The average occupancy of all licensed and available skilled nursing facility beds must exceed ninety percent for at least four consecutive quarters in a particular county, and other considerations may include rural and urban distinctions, delivery of health care services, and population migration.

197.392. A residential care facility I or II or skilled nursing facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed capacity by:

(1) Submitting a letter of intent to expand to the division of aging and the health facilities review committee;

(2) Certification from the division of aging that the facility:

(a) Has no patient care class I deficiencies within the last eighteen months; and

(b) Has maintained a ninety-percent average occupancy rate for the previous six quarters;

(3) Has made an effort to purchase beds for eighteen months following the date the letter of intent to expand is submitted pursuant to subdivision (1) of this section. For purposes of this paragraph, an "effort to purchase" means a copy certified by the offeror as an offer to purchase beds from another licensed facility in the same licensure category; and

(4) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller's license; or

(5) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit an expansion for:

(a) A facility with more than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-three percent or greater over the previous six quarters;

(b) A facility with fewer than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or ten beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-two percent or greater over the previous six quarters;

(c) A facility adding beds pursuant to paragraphs (a) or (b) of this subdivision shall not expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure category;

(6) Any beds sold shall, for five years from the date of relicensure by the purchaser, remain unlicensed and unused for any long-term care service in the selling facility, whether they do or do not require a license;

(7) The beds purchased shall, for two years from the date of purchase, remain in the bed inventory attributed to the selling facility and be considered by the department of social services as licensed and available for purposes of this section;

(8) Any residential care facility licensed pursuant to chapter 198, RSMo, may relocate any portion of such facility's current licensed beds to any other facility to be licensed within the same licensure category if both facilities are under the same licensure ownership or control, and are located within six miles of each other;

(9) A facility licensed pursuant to chapter 198, RSMo, may transfer or sell individual long-term care licensed beds to facilities qualifying pursuant to subdivisions (1) and (2) of this section. Any facility which transfers or sells licensed beds shall not expand its licensed bed capacity in that licensure category for a period of five years from the date the licensure is relinquished.

197.394. 1. Any person who is paid to support or oppose any project before the committee shall register with the staff of the committee for every project in which such person has an interest. The registration shall also include the names and addresses of any person, firm, corporation or association that the person registering represents in relation to the named project. Any person violating the provisions of this subsection shall be subject to the penalties specified in section 105.478, RSMo.

2. Any person regulated by chapter 197 or 198, RSMo, and any officer, attorney, agent and employee thereof, shall not offer to any committee member or to any member of the committee staff, any office, appointment or position, or any present, gift, entertainment or gratuity of any kind while such application is pending before the committee. Any person guilty of knowingly violating the provisions of this section shall be punished as follows: For the first offense, such person is guilty of a class B misdemeanor; and for the second and subsequent offenses, such person is guilty of a class D felony.

197.396. For the purposes of reimbursement under section 208.152, RSMo, project costs for new institutional health services in excess of ten percent of the initial project estimate shall not be eligible for reimbursement for the first three years that a facility receives payment for services provided under section 208.152, RSMo. The initial estimate shall be that amount for which the original review certification was obtained. Reimbursement for these excess costs after the first three years shall not be made until a review certification has been granted for the excess project costs. The provisions of this section shall apply only to facilities which file an application for a review certification or make application for cost-override review of their original application or waiver.

197.397. The health facilities review committee shall submit an annual report to the governor and members of the general assembly on all projects that have come before the committee and have been approved, are in process or have been disapproved.

197.398. The committee shall have the power to promulgate reasonable rules, regulations, criteria and standards in conformity with this section and chapter 536, RSMo, to meet the objectives of sections 197.370 to 197.398 including the power to establish criteria and standards to review new types of equipment or service. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 197.370 to 197.398 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, sections 536.028, RSMo. All rulemaking authority delegated prior to August 28, 2001, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 2001, if it fully complied with all applicable provisions of the law. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void."; and

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or

information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

15. A certificate of need may be granted to a facility for an expansion, an addition of services, a new institutional service, or for a new hospital facility which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge.

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the mentally retarded.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility.]

[197.316. 1. The provisions of subsection 10 of section 197.315 and sections 197.317 and 197.318 shall not apply to facilities which are licensed pursuant to the provisions of chapter 198, RSMo, which are designed and operated exclusively for the care and treatment of persons with acquired human immunodeficiency syndrome, AIDS.

2. If a facility is granted a certificate of need and is found to be exempt from the provisions of subsection 10 of section 197.315 and sections 197.317 and 197.318 pursuant to the provisions of subsection 1 of this section, then only AIDS patients shall be residents of such facility and no others.

3. Any facility that violates the provisions of subsection 2 of this section shall be liable for a fine of one hundred dollars per resident per day for each such violation.

4. The attorney general shall, upon request of the department of health, bring an action in a circuit court of competent jurisdiction for violation of this section.]

[197.317. 1. After July 1, 1983, no certificate of need shall be issued for the following:

(1) Additional residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility beds above the number then licensed by this state;

(2) Beds in a licensed hospital to be reallocated on a temporary or permanent basis to nursing care or beds in a long-term care hospital meeting the requirements described in 42 CFR, Section 412.23(e), excepting those which are not subject to a certificate of need pursuant to paragraphs (e) and (g) of subdivision (10) of section 197.305; nor

(3) The reallocation of intermediate care facility or skilled nursing facility beds of existing licensed beds by transfer or sale of licensed beds between a hospital licensed pursuant to this chapter or a nursing care facility licensed pursuant to chapter 198, RSMo; except for beds in counties in which there is no existing nursing care facility. No certificate of need shall be issued for the reallocation of existing residential care facility I or II, or intermediate care facilities operated exclusively for the mentally retarded to intermediate care or skilled nursing facilities or beds. However, after January 1, 2003, nothing in this section shall prohibit the Missouri health facilities review committee from issuing a certificate of need for additional beds in existing health care facilities or for new beds in new health care facilities or for the reallocation of licensed beds, provided that no construction shall begin prior to January 1, 2004. The provisions of subsections 16 and 17 of section 197.315 shall apply to the provisions of this section.

2. The health facilities review committee shall utilize demographic data from the office of social and economic data analysis, or its successor organization, at the University of Missouri as their source of information in considering applications for new institutional long-term care facilities.]

[197.318. 1. The provisions of section 197.317 shall not apply to a residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility only where the department of social services has first determined that there presently exists a need for additional beds of that classification because the average occupancy of all licensed and available residential care facility I, residential care facility II, intermediate care facility and skilled nursing facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise appears to qualify for a certificate of need. The department's certification that there is no need for additional beds shall serve as the final determination and decision of the committee. In determining ninety percent occupancy, residential care facility I and II shall be one separate classification and intermediate care and skilled nursing facilities are another separate classification.

2. The Missouri health facilities review committee may, for any facility certified to it by the department, consider the predominant ethnic or religious composition of the residents to be served by that facility in considering whether to grant a certificate of need.

3. There shall be no expenditure minimum for facilities, beds, or services referred to in subdivisions (1), (2) and (3) of section 197.317. The provisions of this subsection shall expire January 1, 2003.

4. As used in this section, the term "licensed and available" means beds which are actually in place and for which a license has been issued.

5. The provisions of section 197.317 shall not apply to any facility where at least ninety-five percent of the patients require diets meeting the dietary standards defined by section 196.165, RSMo.

6. The committee shall review all letters of intent and applications for long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e) under its criteria and standards for long-term care beds.

7. Sections 197.300 to 197.366 shall not be construed to apply to litigation pending in state court on or before April 1, 1996, in which the Missouri health facilities review committee is a defendant in an action concerning the application of sections 197.300 to 197.366 to long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e).

8. Notwithstanding any other provision of this chapter to the contrary:

(1) A facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed capacity by:

(a) Submitting a letter of intent to expand to the division of aging and the health facilities review committee;

(b) Certification from the division of aging that the facility:

a. Has no patient care class I deficiencies within the last eighteen months; and

b. Has maintained a ninety-percent average occupancy rate for the previous six quarters;

(c) Has made an effort to purchase beds for eighteen months following the date the letter of intent to expand is submitted pursuant to paragraph (a) of this subdivision. For purposes of this paragraph, an "effort to purchase" means a copy certified by the offeror as an offer to purchase beds from another licensed facility in the same licensure category; and

(d) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller's license; or

(e) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit an expansion for:

a. A facility with more than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-three percent or greater over the previous six quarters;

b. A facility with fewer than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or ten beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-two percent or greater over the previous six quarters;

c. A facility adding beds pursuant to subparagraphs a. or b. of this paragraph shall not expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure category;

(2) Any beds sold shall, for five years from the date of relicensure by the purchaser, remain unlicensed and unused for any long-term care service in the selling facility, whether they do or do not require a license;

(3) The beds purchased shall, for two years from the date of purchase, remain in the bed inventory attributed to the selling facility and be considered by the department of social services as licensed and available for purposes of this section;

(4) Any residential care facility licensed pursuant to chapter 198, RSMo, may relocate any portion of such facility's current licensed beds to any other facility to be licensed within the same licensure category if both facilities are under the same licensure ownership or control, and are located within six miles of each other;

(5) A facility licensed pursuant to chapter 198, RSMo, may transfer or sell individual long-term care licensed beds to facilities qualifying pursuant to paragraphs (a) and (b) of subdivision (1) of this subsection. Any facility which transfers or sells licensed beds shall not expand its licensed bed capacity in that licensure category for a period of five years from the date the licensure is relinquished.

9. Any existing licensed and operating health care facility offering long-term care services may replace one-half of its licensed beds at the same site or a site not more than thirty miles from its current location if, for at least the most recent four consecutive calendar quarters, the facility operates only fifty percent of its then licensed capacity with every resident residing in a private room. In such case:

(1) The facility shall report to the division of aging vacant beds as unavailable for occupancy for at least the most recent four consecutive calendar quarters;

(2) The replacement beds shall be built to private room specifications and only used for single occupancy; and

(3) The existing facility and proposed facility shall have the same owner or owners, regardless of corporate or business structure, and such owner or owners shall stipulate in writing that the existing facility beds to be replaced will not later be used to provide long-term care services. If the facility is being operated under a lease, both the lessee and the owner of the existing facility shall stipulate the same in writing.

10. Nothing in this section shall prohibit a health care facility licensed pursuant to chapter 198, RSMo, from being replaced in its entirety within fifteen miles of its existing site so long as the existing facility and proposed or replacement facility have the same owner or owners regardless of corporate or business structure and the health care facility being replaced remains unlicensed and unused for any long-term care services whether they do or do not require a license from the date of licensure of the replacement facility.]

[197.320. The committee shall have the power to promulgate reasonable rules, regulations, criteria and standards in conformity with this section and chapter 536, RSMo, to meet the objectives of sections 197.300 to 197.366 including the power to establish criteria and standards to review new types of equipment or service. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 197.300 to

197.366 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.]

[197.325. Any person who proposes to develop or offer a new institutional health service shall submit a letter of intent to the committee at least thirty days prior to the filing of the application.]

[197.326. 1. Any person who is paid either as part of his normal employment or as a lobbyist to support or oppose any project before the health facilities review committee shall register as a lobbyist pursuant to chapter 105, RSMo, and shall also register with the staff of the health facilities review committee for every project in which such person has an interest and indicate whether such person supports or opposes the named project. The registration shall also include the names and addresses of any person, firm, corporation or association that the person registering represents in relation to the named project. Any person violating the provisions of this subsection shall be subject to the penalties specified in section 105.478, RSMo.

2. A member of the general assembly who also serves as a member of the health facilities review committee is prohibited from soliciting or accepting campaign contributions from any applicant or person speaking for an applicant or any opponent to any application or persons speaking for any opponent while such application is pending before the health facilities review committee.

3. Any person regulated by chapter 197 or 198, RSMo, and any officer, attorney, agent and employee thereof, shall not offer to any committee member or to any person employed as staff to the committee, any office, appointment or position, or any present, gift, entertainment or gratuity of any kind or any campaign contribution while such application is pending before the health facilities review committee. Any person guilty of knowingly violating the provisions of this section shall be punished as follows: For the first offense, such person is guilty of a class B misdemeanor; and for the second and subsequent offenses, such person is guilty of a class D felony.]

[197.327. 1. If a facility is granted a certificate of need pursuant to sections 197.300 to 197.365 based on an application stating a need for additional Medicaid beds, such beds shall be used for Medicaid patients and no other.

2. Any person who violates the provisions of subsection 1 of this section shall be liable to the state for civil penalties of one hundred dollars for every day of such violation. Each nonMedicaid patient placed in a Medicaid bed shall constitute a separate violation.

3. The attorney general shall, upon the request of the department, bring an action in a circuit court of competent jurisdiction to recover the civil penalty. The department may bring such an action itself. The civil action may be brought in the circuit court of Cole County or, at the option of the director, in another county which has venue of an action against the person under other provisions of law.]

[197.330. 1. The committee shall:

(1) Notify the applicant within fifteen days of the date of filing of an application as to the completeness of such application;

(2) Provide written notification to affected persons located within this state at the beginning of a review. This notification may be given through publication of the review schedule in all newspapers of general circulation in the area to be served;

(3) Hold public hearings on all applications when a request in writing is filed by any affected person within thirty days from the date of publication of the notification of review;

- (4) Within one hundred days of the filing of any application for a certificate of need, issue in writing its findings of fact, conclusions of law, and its approval or denial of the certificate of need; provided, that the committee may grant an extension of not more than thirty days on its own initiative or upon the written request of any affected person;
- (5) Cause to be served upon the applicant, the respective health system agency, and any affected person who has filed his prior request in writing, a copy of the aforesaid findings, conclusions and decisions;
- (6) Consider the needs and circumstances of institutions providing training programs for health personnel;
- (7) Provide for the availability, based on demonstrated need, of both medical and osteopathic facilities and services to protect the freedom of patient choice; and
- (8) Establish by regulation procedures to review, or grant a waiver from review, nonsubstantive projects.

The term "filed" or "filing" as used in this section shall mean delivery to the staff of the health facilities review committee the document or documents the applicant believes constitute an application.

2. Failure by the committee to issue a written decision on an application for a certificate of need within the time required by this section shall constitute approval of and final administrative action on the application, and is subject to appeal pursuant to section 197.335 only on the question of approval by operation of law.]

[197.335. Within thirty days of the decision of the committee, the applicant may file an appeal to be heard de novo by the administrative hearing commissioner, the circuit court of Cole County or the circuit court in the county within which such health care service or facility is proposed to be developed.]

[197.340. Any health facility providing a health service must notify the committee of any discontinuance of any previously provided health care service, a decrease in the number of licensed beds by ten percent or more, or the change in licensure category for any such facility.]

[197.345. Any health facility with a project for facilities or services for which a binding construction or purchase contract has been executed prior to October 1, 1980, or health care facility which has commenced operations prior to October 1, 1980, shall be deemed to have received a certificate of need, except that such certificate of need shall be subject to forfeiture under the provisions of subsections 8 and 9 of section 197.315.]

[197.355. The legislature may not appropriate any money for capital expenditures for health care facilities until a certificate of need has been issued for such expenditures.]

[197.357. For the purposes of reimbursement under section 208.152, RSMo, project costs for new institutional health services in excess of ten percent of the initial project estimate whether or not approval was obtained under subsection 7 of section 197.315 shall not be eligible for reimbursement for the first three years that a facility receives payment for services provided under section 208.152, RSMo. The initial estimate shall be that amount for which the original certificate of need was obtained or, in the case of facilities for which a binding construction or purchase contract was executed prior to October 1, 1980, the amount of that contract. Reimbursement for these excess costs after the first three years shall not be made until a certificate of need has been granted for the excess project costs. The provisions of this section shall apply only to facilities which file an application for a certificate of need or make application for cost-overrun review of their original application or waiver after August 13, 1982.]

[197.366. The provisions of subdivision (8) of section 197.305 to the contrary notwithstanding, after December 31, 2001, the term "health care facilities" in sections 197.300 to 197.366 shall mean:

- (4) Construction of a new hospital as defined in chapter 197.]

[197.367. Upon application for renewal by any residential care facility I or II which on the effective date of this act has been licensed for more than five years, is licensed for more than fifty beds and fails to maintain for any calendar year its occupancy level above thirty percent of its then licensed beds, the division of aging shall license only fifty beds for such facility.]" and

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-THIRD DAY--MONDAY, APRIL 30, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

Gracious God, we thank You for those moments of rest and relaxation for our minds and bodies for we certainly needed them. We thank You for time with those we love for it enriches our relationship with them and warms our hearts and increases our love for them and from them. We thank You for time with You that deepens our spiritual wells that You have given us and enlightens our clarity of You our God. So bless us this week and help us not lose what we have gained from Your love of us as we go about those things we must do in the diminishing days of this session. Amen.

The Pledge of Allegiance to the Flag was recited.

"160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to teachers and other school district employees with a need to know. For the purposes of this act, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002, RSMo, to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following felonies, or any act which if committed by an adult would be one of the following felonies:

- (1) First degree murder under section 565.020, RSMo;
- (2) Second degree murder under section 565.021, RSMo;
- (3) Kidnapping under section 565.110, RSMo;
- (4) First degree assault under section 565.050, RSMo;
- (5) Forcible rape under section 566.030, RSMo;
- (6) Forcible sodomy under section 566.060, RSMo;

- (8) Burglary in the second degree under section 569.170, RSMo;
- (9) Robbery in the first degree under section 569.020, RSMo;
- (10) Distribution of drugs under section 195.211, RSMo;

- (16) Sexual assault under section 566.040, RSMo;
- (17) Felonious restraint under section 565.120, RSMo;

- (18) Property damage in the first degree under section 569.100, RSMo;
- (19) The possession of a weapon under chapter 571, RSMo;
- (20) Child molestation in the first degree pursuant to section 566.067, RSMo;
- (21) Deviate sexual assault pursuant to section 566.070, RSMo;
- (22) Sexual misconduct involving a child pursuant to section 566.083, RSMo; or
- (23) Sexual abuse pursuant to section 566.100, RSMo;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

- (1) The superintendent, or in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and
- (2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

4. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. 921 and the following items, as defined in section 571.010, RSMo: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded, **nor shall this section be construed to prohibit a school board from adopting a policy to allow employees of the department of conservation to conduct hunter education classes on school grounds, not during school hours, and to allow such employees to carry a weapon on school property for such hunter education classes, so long as the firearm is unloaded.** The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

5. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

6. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policy of discipline developed by each board under this section.

7. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. Acts of violence as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property,

including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020, RSMo, to any school district in which the student subsequently attempts to enroll.

8. Spanking, when administered by certificated personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210, RSMo. The provisions of sections 210.110 to 210.165, RSMo, notwithstanding, the division of family services shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to any spanking administered in a reasonable manner by any certificated school personnel pursuant to a written policy of discipline established by the board of education of the school district. Upon receipt of any reports of child abuse by the division of family services pursuant to sections 210.110 to 210.165, RSMo, which allegedly involves personnel of a school district, the division of family services shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the division of family services and take no further action. In all matters referred back to the division of family services, the division of family services shall treat the report in the same manner as other reports of alleged child abuse received by the division. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the juvenile officer of the county in which the alleged incident occurred. The report shall be jointly investigated by the juvenile officer or a law enforcement officer designated by the juvenile officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by the juvenile officer or a law enforcement officer designated by the juvenile officer and the president of the school board or such president's designee. The investigation shall begin no later than forty-eight hours after notification from the division of family services is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident. Journal of the Senate

FIRST REGULAR SESSION

SIXTY-FOURTH DAY--TUESDAY, MAY 1, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

Teilhard De Chardin wrote: "Someday after we have mastered the winds, the waves, the tides and gravity, we will harness for God the energies of love, and then for the second time in the history of the world, humankind will have discovered fire."

Heavenly Father, it is much too easy to get carried away with the mundane and everyday things that come with increasing swiftness before us and lose sight of opportunities that are truly beneficial to our neighbors. Help us to keep focused on those things that are really important, that can help us help make our fellow citizens' life a little easier and capable of lighting a fire that opens a way to increased dignity and self-esteem. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

SENATE SUBSTITUTE FOR

HOUSE CONCURRENT RESOLUTION NO. 5

WHEREAS, telecommunications services and energy services and sources are vital to the economic vitality and well-being of the state of Missouri; and

WHEREAS, attempts across the nation to deregulate telecommunications services and energy services and sources have met with both success and failure in the effort to create competitive markets and make available new services and customer choices; and

WHEREAS, the state and political subdivisions have imposed taxes, fees and other assessments on various telecommunications and energy services which vary widely based on locality and, within a locality, may vary widely due to increasingly related and competitive services, such as telephone and cable television; and

WHEREAS, the current nationwide effort to establish competition in the production, distribution and sale of energy, including electricity, natural gas and other energy sources has potential benefits and adverse effects on energy producers, distributors, retailers, customers and the citizens of this state; and

WHEREAS, ensuring adequate and affordable telecommunications services and energy services and sources necessitate a fair and equitable tax structure across different telecommunications and energy services and across different regions of the state; and

WHEREAS, the issue of whether governmental entities should expend public resources to compete with private telecommunications and energy entities should be explored; and

WHEREAS, recent increases in the cost of natural gas has affected home heating costs, electricity costs and energy costs for businesses and created a greater need for efficient use of energy resources; and

WHEREAS, Missouri produces little of the energy resources it consumes, resulting in a considerable export of wealth from the state to other parts of the nation and the rest of the world;

WHEREAS, a Joint Interim Committee on Telecommunications and Energy has studied several of the above-mentioned issues during the tenure of the Ninetieth General Assembly and recommends that a similar study committee be established to continue the study during the tenure of the Ninety-first General Assembly:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, that a Joint Legislative Committee on Telecommunications and Energy be created to be composed of seven members of the Senate, to be appointed by the President Pro Tem of the Senate, and seven members of the House of Representatives, to be appointed by the Speaker of the House of Representatives, and that said committee be authorized to function throughout the Ninety-first General Assembly; and

BE IT FURTHER RESOLVED that said committee continue and expand the in-depth studies conducted by the prior Joint Interim Committee on Telecommunications and Energy and make appropriate recommendations concerning financial, legal, social, taxation, environmental, technological and economic issues of telecommunications, cable television, all Internet services, including asymmetrical digital subscriber lines (ADSL) and service via cable lines, and energy services taxation, competition between governmental entities and private telecommunication entities, and any other issues the committee deems relevant; and

BE IT FURTHER RESOLVED that said committee continue and expand the in-depth studies conducted by prior Joint Interim Committees on Telecommunications and Energy and make appropriate recommendations concerning financial, legal, social, taxation, environmental, technological and economic issues of deregulation and increasing competition in energy production, distribution and sale, including consideration of the effects on residential customers, small and large business customers, utility shareholders and other stakeholders and any other issues the committee deems relevant; and

BE IT FURTHER RESOLVED that said committee study and make appropriate recommendations concerning financial, legal, social, taxation,

environmental, technological and economic issues of energy costs, energy demand management options, decentral-ization of energy sources, energy efficiency and any other issues the committee deems relevant;

BE IT FURTHER RESOLVED that said committee prepare an interim report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the Second Regular Session of the Ninety-first General Assembly and a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the First Regular Session of the Ninety-second General Assembly; and

HOUSE COMMITTEE SUBSTITUTE FOR
SENATE SUBSTITUTE FOR
SENATE CONCURRENT RESOLUTION NO. 13

WHEREAS, the United States Fish and Wildlife Service has recommended that the United States Army Corps of Engineers implement the so-called "spring rise-split season" plan for operation of the Missouri River mainstem reservoir system. This plan would result in an increase in the flow of the Missouri River in the spring and a reduction of the flow in the summer of each year, purportedly to improve habitat for the threatened and endangered pallid sturgeon, least tern and piping plover; and

WHEREAS, additional changes under consideration by the United States Army Corps of Engineers to the Missouri River Master Manual would result in the storage of more water in the upstream reservoirs while decreasing the amount of water available downstream for designated uses. These changes would shorten the navigation season on the Missouri River by twenty-seven days in November and put at risk Mississippi River navigation as well; and

WHEREAS, analysis of the proposed changes by the state of Missouri and the United States Army Corps of Engineers has indicated these changes will fail to improve and will potentially diminish habitat for the species in question, will increase the risk of flooding along the Missouri River, and will result in a decrease in river levels in early summer and fall which will impact navigation and other designated uses on the Missouri and Mississippi Rivers; and

WHEREAS, habitat restoration along the lower Mississippi River has demonstrated great success in aiding the recovery of these species and a similar approach should be given the opportunity to succeed on the Missouri River; and

WHEREAS, these plans have the potential for severe impact on any industry which uses the Missouri River or Mississippi River to transport products and the potential to increase risk of flooding in river communities and on farm land in the Missouri and lower Mississippi River basins; and

WHEREAS, these proposals do not adequately address the concerns and needs of states in the lower Missouri and Mississippi River basin, and will not realize the purported benefit of increasing habitat for endangered species; and

WHEREAS, the Missouri departments of natural resources, conservation and transportation have opposed these plans and have informed the Fish and Wildlife Service and the United States Army Corps of Engineers of their concerns regarding the potential impact on the state's river communities, lands, businesses and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the Governor to protest against any proposals that would so negatively impact beneficial uses of the lower Missouri and Mississippi Rivers and would not significantly improve conditions for the species of concern; and

BE IT FURTHER RESOLVED that the members of the General Assembly urge the Department of Natural Resources, the Department of Conservation and the Department of Transportation to continue to insist that any plan involving the operations of the Missouri River improve the Missouri River for all beneficial uses and be sure any river management changes are based on sound science; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the United

States Fish and Wildlife Service, the United States Army Corps of Engineers, the Governor of Missouri, the Director of the Department of Natural Resources, the Director of the Department of Conservation and the Director of the Department of Transportation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **SCS** for **SCR 14**.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **SCR 16**.

SENATE AMENDMENT NO. 3

Amend Senate Committee Substitute for House Committee Substitute for House Bills Nos. 302 and 38, Page 18, Section 302.520, Line 28, by inserting after all of said line the following:

"302.535. 1. Any person aggrieved by a decision of the department may file a petition for trial de novo by the circuit court. The burden of proof shall be on the state to adduce the evidence. Such trial shall be conducted pursuant to the Missouri rules of civil procedure and not as an appeal of an administrative decision pursuant to chapter 536,

RSMo. The petition shall be filed in the circuit court of the county where the arrest occurred. The case shall be decided by the judge sitting without a jury. The presiding judge of the circuit court may assign a [traffic judge, pursuant to section 479.500, RSMo 1994, a] circuit judge or an associate circuit judge to hear such petition.

2. The filing of a petition for trial de novo shall not result in a stay of the suspension or revocation order. But upon the filing of such petition, a restricted driving privilege for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education shall be issued by the department if the person's driving record shows no prior alcohol related enforcement contact during the immediately preceding five years. Such limited driving privilege shall terminate on the date of the disposition of the petition for trial de novo.

3. In addition to the limited driving privilege as permitted in subsection 2 of this section, the department may upon the filing of a petition for trial de novo issue a restricted driving privilege for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education. In determining whether to issue such a restrictive driving privilege, the department shall consider the number and the seriousness of prior convictions and the entire driving record of the driver.

4. Such time of restricted driving privilege pending disposition of trial de novo shall be counted toward any time of restricted driving privilege imposed pursuant to section 302.525. Nothing in this subsection shall be construed to prevent a person from maintaining his restricted driving privilege for an additional sixty days in order to meet the conditions imposed by section 302.540 for reinstating a person's driver's license."; and

Further amend said bill, Page 21, Section 304.028, Line 26, by inserting after all of said line the following:

"479.500. 1. In the twenty-first judicial circuit, a majority of the circuit judges, en banc, may establish a traffic court, which shall be a division of the circuit court, and may authorize the appointment of not more than three municipal judges who shall be known as traffic judges. The traffic judges shall be appointed by a traffic court judicial commission consisting of the presiding judge of the circuit, who shall be the chair, one circuit judge elected by the circuit judges, one associate circuit judge elected by the associate circuit judges of the circuit, and two members appointed by the county executive of St. Louis County, each of whom shall represent one of the two political parties casting the highest number of votes at the next preceding gubernatorial election. The procedures and operations of the traffic court judicial commission shall be established by circuit court rule.

2. Traffic judges may be authorized to act as commissioners to hear in the first instance nonfelony violations of state law involving motor vehicles, and such other offenses as may be provided by circuit court rule. Traffic judges may also be authorized to hear in the first instance violations of county and municipal ordinances involving motor vehicles, and other county ordinance violations, as provided by circuit court rule.

3. In the event that a county municipal court is established pursuant to section 66.010, RSMo, which takes jurisdiction of county ordinance violations the circuit court may then authorize the appointment of no more than two traffic judges authorized to hear municipal ordinance violations other than county ordinance violations, and to act as commissioner to hear in the first instance nonfelony violations of state law involving motor vehicles, and such other offenses as may be provided by rule. [These traffic court judges also may be authorized to act as commissioners to hear in the first instance petitions to review decisions of the department of revenue or the director of revenue filed pursuant to sections 302.309, 302.311, 302.535 and 302.750, RSMo.]

4. In establishing a traffic court, the circuit may be divided into such sectors as may be established by a majority of the circuit and associate circuit judges, en banc. The traffic court in each sector shall hear those cases arising within the territorial limits of the sector unless a case arising within another sector is transferred as provided by operating procedures.

5. Traffic judges shall be licensed to practice law in this state and shall serve at the pleasure of a majority of the circuit and associate circuit judges, en banc, and shall be residents of St. Louis County, and shall receive from the state as annual compensation an amount equal to one-third of the annual compensation of an associate circuit judge. Each judge shall devote approximately one-third of his working time to the performance of his duties as a

traffic judge. Traffic judges shall not accept or handle cases in their practice of law which are inconsistent with their duties as a traffic judge and shall not be a judge or prosecutor for any other court. Traffic judges shall not be considered state employees and shall not be members of the state employees' or judicial retirement system or be eligible to receive any other employment benefit accorded state employees or judges.

6. A majority of the judges, en banc, shall establish operating procedures for the traffic court which shall provide for regular sessions in the evenings after 6:00 p.m. and for Saturday or other sessions as efficient operation and convenience to the public may require. Proceedings in the traffic court, except when a judge is acting as a commissioner pursuant to this section, shall be conducted as provided in supreme court rule 37. The hearing shall be before a traffic judge without jury, and the judge shall assume an affirmative duty to determine the merits of the evidence presented and the defenses of the defendant and may question parties and witnesses. No term of imprisonment or confinement may be assessed by a traffic judge. In the event a jury trial is requested, the cause shall be certified to the circuit court for trial by jury as otherwise provided by law. Clerks and computer personnel shall be assigned as needed for the efficient operation of the court.

7. In establishing operating procedure, provisions shall be made for appropriate circumstances whereby defendants may enter not guilty pleas and obtain trial dates by telephone or written communication without personal appearance, or to plead guilty and deliver by mail or electronic transfer or other approved method the specified amount of the fine and costs as otherwise provided by law, within a specified period of time.

8. Operating procedures shall be provided for electronic recording of proceedings, except that if adequate recording equipment is not provided at county expense, then, in that event, a person aggrieved by a judgment of a traffic judge or commissioner shall have the right of a trial de novo. The procedures for perfecting the right of a trial de novo shall be the same as that provided under sections 512.180 to 512.320, RSMo, except that the provisions of subsection 2 of section 512.180, RSMo, shall not apply to such cases.

9. The circuit court shall only have the authority to appoint two commissioners with the jurisdiction provided in subsection 3 of this section.

10. All costs to establish and operate a county municipal court under section 66.010, RSMo, and this section shall be borne by such county."; and

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-FIFTH DAY--WEDNESDAY, MAY 2, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

Terry Tastard wrote: "In true prayer there is a preparedness to cooperate with God, who is always seeking to draw the world towards his perfection. Prayer implies cooperation, and cooperation demands an alertness about what is going on in the world."

Gracious God, we had opportunities to pray with and share time with one another this morning. It helps us keep in focus that we share this world together with others who look to us to find ways to cooperate and seek to provide those things which can eliminate injustice and promote harmony in our daily work and living with each other. Help us dear God to be alert to such opportunities. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Photographers from KRCG-TV and KOMU-TV were given permission to take pictures in the Senate Chamber today.

When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

[14.] **15.** When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

[15.] **16.** All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

[16.] **17.** Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

[17.] **18.** Any gifts, contributions, grants or federal funds specifically given to the division for the benefit of victims of crime shall be credited to the crime victims' compensation fund. Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 762, Pages 15-19, Section 354.900, by striking said section from the bill and inserting in lieu thereof the following:

"376.1199. 1. Each health carrier or health benefit plan that offers or issues health benefit plans providing obstetrical/gynecological benefits, which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall:

(1) Notwithstanding the provisions of subsection 4 of section 354.618, RSMo, provide enrollees with direct access to the services of a participating obstetrician, participating gynecologist or participating obstetrician/gynecologist of her choice within the provider network for covered services. The services covered by this subdivision shall be limited to those services defined by the published recommendations of the accreditation council for graduate medical education for training an obstetrician, gynecologist or obstetrician/gynecologist, including but not limited to diagnosis, treatment and referral for such services. A health carrier shall not impose additional copayments, coinsurance, or deductibles upon any enrollee who seeks or receives health care services pursuant to this subdivision, unless similar additional copayments, coinsurance, or deductibles are imposed for other types of health care services received within the provider network. Nothing in this subsection shall be construed to require a health carrier to perform, induce, pay for, reimburse, guarantee, arrange, provide any resources for or refer a patient for an abortion, as defined in section 188.015, RSMo, other than a spontaneous abortion or to prevent the death of the female upon whom the abortion is performed, or to supersede or conflict with section 376.805;

(2) Notify enrollees annually of cancer screenings covered by the enrollees' health benefit plan and the current American Cancer Society guidelines for all cancer screenings or notify enrollees at intervals consistent with current American Cancer Society guidelines of cancer screenings which are covered by the enrollees' health benefit plans. The notice shall be delivered by mail unless the enrollee and health carrier have agreed on another method of notification;

(3) Include coverage for services related to diagnosis, treatment and appropriate management of osteoporosis when such services are provided by a person licensed to practice medicine and surgery in this state, for individuals with a condition or medical history for which bone mass measurement is medically indicated for such individual. In determining whether testing or treatment is medically appropriate, due consideration shall be given to peer reviewed medical literature. A policy, provision, contract, plan or agreement may apply to such services the same deductibles, coinsurance and other limitations as apply to other covered services; and

(4) If a health benefit plan provides coverage for pharmaceutical benefits, provide coverage for contraceptives either at no charge or at the same level of deductible, coinsurance or copayment as any other covered drug. No such deductible, coinsurance or copayment shall be greater than any drug on the health benefit plan's formulary. As used in this section, "contraceptive" shall include all prescription drugs and devices approved by the federal Food and Drug Administration for use as a contraceptive, but shall exclude all drugs and devices that are intended to induce an abortion, as defined in section 188.015, RSMo, which shall be subject to the provisions of section 376.805. Nothing in this subdivision shall be construed to exclude coverage for prescription contraceptive drugs or devices ordered by a health care provider with prescriptive authority for reasons other than contraceptive or abortion purposes.

(2) Upon request of an enrollee who is a member of a group health benefit plan and who states that the use or provision of contraceptives is contrary to his or her moral, ethical or religious beliefs, any health carrier shall issue to or on behalf of such enrollee:

(a) A health benefit plan that excludes coverage for contraceptives; or

(b) A rider to the health benefit plan that excludes coverage for contraceptives.

Any administrative costs to a group health benefit plan associated with such exclusion of coverage not offset by the decreased costs of providing coverage shall be borne by the group policyholder or group plan holder;

(3) Any health carrier which is owned, operated or controlled in substantial part by an entity that is operated pursuant to moral, ethical or religious tenets that are contrary to the use or provision of contraceptives shall be exempt from the provisions of subdivision (4) of subsection 1 of this section.

5. Except for a health carrier that is exempted from providing coverage for contraceptives pursuant to this section, a health carrier shall allow enrollees in a health benefit plan that excludes coverage for contraceptives pursuant to subsection 4 of this section to purchase a rider to the health benefit plan that includes coverage for contraceptives.

6. Any health benefit plan issued by a health carrier described in subdivision (3) of subsection 4 of this section and any group health benefit plan issued pursuant to subsection 1 of this section shall provide clear and conspicuous written notice on the enrollment form or any accompanying materials to the enrollment form and the group health benefit plan contract:

(3) That an enrollee who is a member of a group health benefit plan without coverage for contraceptives has the right to purchase a rider that includes coverage for contraceptives.

Health carriers and the person or entity who purchased the health benefit plan shall not discriminate against an enrollee because the enrollee excluded coverage for contraceptives in the health benefit plan or purchased a rider to the health benefit plan that includes coverage for contraceptives.

8. The department of insurance may promulgate rules necessary to implement the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been

promulgated pursuant to chapter 536, RSMo."; and

HOUSE CONCURRENT RESOLUTION NO. 23

WHEREAS, the Windfall Elimination Provision or WEP was added to the federal Social Security Act in 1983 to prevent unfairly inflated benefits for persons who held highly compensated government positions that were not covered by Social Security and who also had brief, relatively low-paying Social Security covered employment; and

WHEREAS, the WEP has had the unintended consequence of undermining the retirement plans of individuals who have been teachers and who often continue to hold Social Security covered employment during summers and holidays; and

WHEREAS, Missouri and other states are anticipating an increased rate of teacher retirement and difficulty attracting young adults into the education field; and

WHEREAS, the WEP also serves to discourage mid-life career changes from Social Security covered employment to employment covered by public pensions such as teaching; and

WHEREAS, the WEP often works in conjunction with another income-reducing feature, the government pension offset (GPO) that bears disproportionately on women, to doubly affect the teacher corps which is still primarily made up of women; and

WHEREAS, the formula of the WEP assumes retirees have had a higher-paying position over the entire course of their careers, an assumption which is contrary to the fact for teachers; and

WHEREAS, many teachers need a second income and therefore work in Social Security covered positions, thereby activating the WEP; and

WHEREAS, the continuation of the WEP and GPO impacts presently retired teachers, teachers near retirement, and young adults entering the education field, all who are essential parts of our national education corps:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the 107th Congress to:

(1) Either simply rescind the Windfall Elimination Provision or amend it so that it does not bear disproportionately upon teachers and others who have modest salaries earned in non-Social Security-covered service; and

(2) Amend the government pension offset so that it will not bear disproportionately upon teachers and others whose government pensions are based on modest salaries; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri congressional delegation.

In which the concurrence of the Senate is respectfully requested.

"595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty

dollars or has lost two continuous weeks of earnings or support from gainful employment. "Out-of-pocket loss" shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred for medical care or other services, including psychiatric, psychological or counseling expenses, necessary as a result of the crime upon which the claim is based, except that the amount paid for psychiatric, psychological or counseling expenses per eligible claim shall not exceed two thousand five hundred dollars. [Fifty dollars shall be deducted from any award granted under sections 595.010 to 595.075, except that an award to a person sixty-five years of age or older is not subject to any deduction.]

2. No compensation shall be paid unless the division of workers' compensation finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the division of workers' compensation finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family.

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

4. No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

(1) Physician licensed pursuant to chapter 334, RSMo, or licensed to practice medicine in the state in which the service is provided;

(2) Psychologist licensed pursuant to chapter 337, RSMo, or licensed to practice psychology in the state in which the service is provided;

(3) Clinical social worker licensed pursuant to chapter 337, RSMo; or

(4) Professional counselor licensed pursuant to chapter 337, RSMo.

5. Any compensation paid [under] **pursuant to** sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award [under] **pursuant to** sections 595.010 to 595.075 shall exceed [fifteen] **twenty-five** thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the division of workers' compensation among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation [under] **pursuant to** sections 595.010 to 595.075 shall be determined by the division.

595.035. 1. For the purpose of determining the amount of compensation payable pursuant to sections 595.010 to 595.075, the division of workers' compensation shall, insofar as practicable, formulate standards for the uniform application of sections 595.010 to 595.075, taking into consideration the provisions of sections 595.010 to 595.075, the rates and amounts of compensation payable for injuries and death [under] **pursuant to** other laws of this state and of the United States, excluding pain and suffering, and the availability of funds appropriated for the purpose of sections 595.010 to 595.075. All decisions of the division of workers' compensation on claims heard [under] **pursuant to**

sections 595.010 to 595.075 shall be in writing, setting forth the name of the claimant, the amount of compensation and the reasons for the decision. The division of workers' compensation shall immediately notify the claimant in writing of the decision and shall forward to the state treasurer a certified copy of the decision and a warrant for the amount of the claim. The state treasurer, upon certification by the commissioner of administration, shall, if there are sufficient funds in the crime victims' compensation fund, pay to or on behalf of the claimant the amount determined by the division.

2. The crime victims' compensation fund is not a state health program and is not intended to be used as a primary payor to other health care assistance programs, but is a public, quasi-charitable fund whose fundamental purpose is to assist victims of violent crimes through a period of financial hardship, as a payor of last resort. Accordingly, any compensation paid pursuant to sections 595.010 to 595.075 shall be reduced by the amount of any payments, benefits or awards received or to be received as a result of the injury or death:

(1) From or on behalf of the offender;

(2) Under private or public insurance programs, including champus, medicare, medicaid and other state or federal programs, **but not including any life insurance proceeds**; or

(3) From any other public or private funds, including an award payable [under] **pursuant to** the workers' compensation laws of this state.

3. In determining the amount of compensation payable, the division of workers' compensation shall determine whether, because of the victim's consent, provocation, incitement or negligence, the victim contributed to the infliction of the victim's injury or death, and shall reduce the amount of the compensation or deny the claim altogether, in accordance with such determination; provided, however, that the division of workers' compensation may disregard the responsibility of the victim for his **or her** own injury where such responsibility was attributable to efforts by the victim to aid a victim, or to prevent a crime or an attempted crime from occurring in his **or her** presence, or to apprehend a person who had committed a crime in his **or her** presence or had in fact committed a felony.

4. In determining the amount of compensation payable pursuant to sections 595.010 to 595.070, monthly social security disability or retirement benefits received by the victim shall not be considered by the division as a factor for reduction of benefits.

5. The division shall not be liable for payment of compensation for any out-of-pocket expenses incurred more than three years following the date of the occurrence of the crime upon which the claim is based."; and

Amend the title, enacting clause and intersectional references accordingly.

3. No license shall be granted unless the candidate has proof of a one million dollar bond or liability policy insuring against any damages to persons or property caused by the candidate.

374.785. 1. The department shall issue a license to any surety recovery agent who is licensed in another jurisdiction and who has had no violations, suspensions or revocations of a license to engage in fugitive recovery in any jurisdiction, provided that such person is licensed in a jurisdiction whose requirements are substantially equal to, or greater than, the requirements for licensure of surety recovery agents in Missouri at the time the applicant applies for licensure, the applicant has proof of a one million dollar bond or liability policy and such general bail bond agent employs a surety recovery agent holding a valid Missouri surety recovery license.

2. For the purpose of surrender of the defendant, a surety may apprehend the defendant, anywhere within the state of Missouri, before or after the forfeiture of the undertaking without personal liability for false

imprisonment or may empower any recovery agent to make apprehension by providing written authority endorsed on a certified copy of the undertaking and paying the lawful fees.

3. The surety or recovery agent shall inform the local law enforcement in the county or city where such agent is planning to enter a residence. Such agent shall have a certified copy of the bond and all appropriate paperwork to identify the principal. Local law enforcement, when notified, may accompany the surety or recovery agent to that location to keep the peace if an active warrant is effective for a felony or misdemeanor. If a warrant is not active, the local law enforcement officers may accompany the surety or recovery agent to such location. Failure to report to the local law enforcement agency is a class A misdemeanor. For any subsequent violations, failure to report to the local law enforcement agency is a class D felony.

4. Every applicant for a license pursuant to this section, upon making application and showing the necessary qualifications as provided in this section, shall be required to pay the same fee as the fee required to be paid by resident applicants. Within the limits provided in this section, the department may negotiate reciprocal compacts with licensing entities of other states for the admission of licensed surety recovery agents from Missouri in other states.

374.786. 1. Every person licensed pursuant to sections 374.782 to 374.789 shall, on or before the license renewal date, apply to the department for a licensure renewal for the ensuing licensing period. The application shall be made on a form furnished to the applicant and shall state the applicant's full name, the applicant's business address, the address at which the applicant resides, the date the applicant first received a license and the applicant's surety recovery agent identification number, if any.

2. A blank form for the application for licensure renewal shall be mailed to each person licensed in this state at the person's last known address. The failure to mail the form of application or the failure of a person to receive it does not, however, relieve any person of the duty to be licensed and to pay the license fee required nor exempt such person from the penalties provided for failure to be licensed.

3. Each applicant for licensure renewal shall accompany such application with a licensure renewal fee to be paid to the department for the licensing period for which licensure renewal is sought.

4. The department may refuse to issue or renew any license required pursuant to sections 374.782 to 374.789 for any one or any combination of causes stated in section 374.787. The department shall notify the applicant in writing of the reasons for refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621, RSMo.

374.787. 1. The department may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621, RSMo, against any surety recovery agent or any person who has failed to renew or has surrendered his or her license for any one or any combinations of the following causes:

(1) Violation of any provisions of, or any obligations imposed by, the laws of this state, department of insurance rules and regulations, or aiding or abetting other persons to violate such laws, orders, rules or regulations;

(2) Having been convicted of a felony or crime involving moral turpitude;

(3) Using fraud, deception, misrepresentation or bribery in securing a license or in obtaining permission to take any examination required by sections 374.782 to 374.789;

(4) Obtaining or attempting to obtain any compensation as a surety recovery agent by means of fraud, deception or misrepresentation;

(5) Acting as a surety recovery agent or aiding or abetting another in acting as a surety recovery agent without a license;

(6) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of

the functions of duties of a surety recovery agent;

(7) Having revoked or suspended any license by another state.

2. After the filing of the complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621, RSMo. Upon a finding by the administrative hearing commission that one or more of the causes stated in subsection 1 of this section have been met, the department may suspend or revoke the license or enter into an agreement for a monetary or other penalty pursuant to section 374.280.

3. In lieu of filing a complaint with the administrative hearing commission, the department and the surety recovery agent may enter into an agreement for a monetary or other penalty pursuant to section 374.280.

4. In addition to any other remedies available, the department may issue a cease and desist order or may seek an injunction in a court of law pursuant to section 374.046 whenever it appears that any person is acting as a surety recovery agent without a license.

374.788. A surety recovery agent having probable grounds to believe a subject, free on his or her bond, has failed to appear as directed by a court, has breached the terms of the subject's surety agreement or has taken a substantial step toward absconding, may utilize all lawful means to arrest the subject. To surrender a subject to a court a licensed surety recovery agent, having probable grounds to believe the subject is free on their bond, may:

(1) Detain a subject in a reasonable manner, for a reasonable time not to exceed seventy-two hours;

(2) Transport a subject in a reasonable manner from state to state and county to county to a place of authorized surrender; and

(3) Enter upon private or public property in a reasonable manner to execute an arrest of a subject.

374.789. 1. A person is guilty of a class D felony if he or she does not hold a valid surety recovery agent's license or a bail bondsman's license and commits any of the following acts:

(1) Holds himself or herself out to be a licensed surety recovery agent within this state;

(2) Claims that he or she can render surety recovery agent services; or

(3) Engages in fugitive recovery in this state.

2. Any person who engages in fugitive recovery in this state and wrongfully causes damage to any person or property, including, but not limited to, trespass, unlawful arrest, unlawful detainment or assault, shall be liable for such damages and may be liable for punitive damages."; and

Further amend said title, enacting clause and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SIXTH DAY--THURSDAY, MAY 3, 2001

The Senate met pursuant to adjournment.

Senator Klarich in the Chair.

Reverend Carl Gauck offered the following prayer:

"The Lord waits to be gracious to you." (Isaiah 30:18)

Lord God, even when our minds and thoughts stray from Your waiting heart, You are willing to heal our limping lives with celebration. Help us remember this day where to go for life today, and in doing so return to keeping our hearts and minds on those things You will for us to accomplish this day. And help us return to those You have given us to love with openness to what they have endured in our absence and their need of us to help and support them and most assuredly share the love we have for them. In Your Name we pray. Amen.

Where two or more pesticides meet the requirements of this subsection, one shall not be registered in preference to the other.

7. The director may require the submission of the complete formula of any pesticide to approve or deny product registration. If it appears to the director that the composition and efficacy of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of sections 281.210 to 281.310, [he] **the director** shall register the pesticide.

8. Provided the state is authorized to issue experimental use permits, the director may:

(1) Issue an experimental use permit to any person applying for an experimental use permit if [he] **the director** determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide

[under] **pursuant to** sections 263.269 to 263.380. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed;

(2) Prescribe terms, conditions, and period of time for the experimental permit which shall be under the supervision of the director;

(3) Revoke any experimental permit, at any time, if [he] **the director** finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

9. If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of sections 281.210 to 281.310 or with federal laws, [he] **the director** shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fail to comply with sections 281.210 to 281.310 or with federal laws so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the pesticide be registered or, in the case of a pesticide that is already registered, that it not be canceled, the director, within ninety days, shall hold a public hearing to determine if the pesticide in question should be registered or canceled. If, after such hearing, it is determined that the pesticide should not be registered or that its registration should be canceled, the director may refuse registration or cancel an existing registration until the required label changes are accomplished. If the pesticide is shown to be in compliance with sections 281.210 to 281.310 and federal laws, the pesticide will be registered. Any appeals resulting from administrative decisions by the director will be taken in accordance with sections 536.100 to 536.140, RSMo.

10. Notwithstanding any other provision of sections 281.210 to 281.310, registration is not required in the case of a pesticide shipped from one plant or warehouse within this state to another plant or warehouse within this state when such plants are operated by the same persons.

11. The director shall not make any lack of essentiality a criterion for denying registration of a pesticide except where none of the labeled uses are present in the state. Where two or more pesticides meet the requirements of sections 281.210 to 281.310, one shall not be registered in preference to the other."; and

The decision of the director shall contain a notice of the right of appeal in substantially the following language:

If you were adversely affected by this decision, you may appeal to the administrative hearing commission. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date of this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the commission. The procedures applicable to the processing of such hearings and determinations shall be those established by chapter 536, RSMo. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, no appropriation made to the fund shall lapse. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Interest and moneys earned on such investments shall be credited to the fund.

324.1017. Sections 324.1005 to 324.1017 shall not become effective until expenditures are specifically appropriated or personnel are specifically authorized for the purpose of performing the duties specified therein and the initial rules filed, if appropriate, have become effective. The director shall have the authority to borrow funds from any agency within the division to commence operations upon appropriation for such purpose. (3) "Housemover", a person actively engaged on a full-time basis in the intrastate movement of houses on public roads and highways of this state;

(3) The applicant must exhibit his federal employer's identification number; and

(4) The applicant must pay an annual license fee of one hundred dollars. All moneys received for housemover licenses shall be paid to and collected by the division of motor carrier and railroad safety and transmitted to the director of revenue and deposited in the state treasury to the credit of the state highways and transportation fund as established in section 226.200, RSMo.

324.709. A license issued pursuant to sections 324.700 to 327.742 shall be effective for a period of one year from the date of issuance and shall be renewable on an annual basis.

324.712. 1. No license shall be issued or renewed unless the applicant files with the division a certificate or certificates of insurance from an insurance company or companies authorized to do business in this state. The applicant must demonstrate that he or she has:

(1) Motor vehicle insurance for bodily injury to or death of one or more persons in any one accident and for injury or destruction of property of others in any one accident with minimum coverage of five hundred thousand dollars;

(2) Comprehensive general liability insurance with a minimum coverage of two million dollars, including coverage of operations on state streets and highways that are not covered by motor vehicle insurance; and

2. The certificate or certificates shall provide for continuous coverage during the effective period of the license issued pursuant to this section. At the time the certificate is filed, the applicant shall also file with the division a current list of all motor vehicles covered by the certificate. The applicant shall file amendments to the list within fifteen days of any changes.

3. An insurance company issuing any insurance policy required by this section shall notify the division of any of the following events at least thirty days before its occurrence:

(1) Cancellation of the policy;

(2) Nonrenewal of the policy by the company; or

(3) Any change in the policy.

4. In addition to all coverages required by this section, the applicant shall file with the division a copy of either:

(1) A bond or other acceptable surety providing coverage in the amount of fifty thousand dollars for the benefit of a person contracting with the housemover to move that person's house for all claims for property damage arising from the movement of a house; or

(2) A policy of cargo insurance in the amount of one hundred thousand dollars.

324.715. 1. Persons licensed as housemovers shall also be required to secure a special permit, as provided for pursuant to section 304.200, RSMo, from the chief engineer of the department of highways and transportation for every move undertaken on the state highway system. The permit shall be issued by the chief engineer if the chief engineer determines that the applicant:

(1) Is properly licensed pursuant to sections 324.700 to 324.745;

(2) Has furnished the surety bond or policy of cargo insurance required by subsection 4 of section 324.712; and

(3) Is complying with such other regulations as required by the division of motor carrier and railroad safety.

2. A license shall not be required for individuals moving their own houses from or to property owned individually by those persons; however, a special permit will be required for all moves.

3. Licensed housemovers shall furnish one rear escort vehicle on interstate and other divided highways. Licensed housemovers shall provide two escorts on all multi-lane and two-lane highways, one in front and one rear.

324.718. 1. Application for a special permit to move a house must be made to the chief engineer of the department of transportation at least two days prior to the date of the move. For good cause shown, this time may be waived by the chief engineer.

2. A travel plan shall accompany the application for the special permit. The travel plan will show the proposed route, the time estimated for each segment of the move, a plan to handle traffic so that no one delay to other highway users shall exceed twenty minutes. The chief engineer shall review the travel plan and if the route cannot accommodate the move due to roadway weight limits, bridge size or weight limits, or will cause undue interruption of traffic flow, the special permit shall not be issued.

3. The applicant may submit alternate plans if desired until an acceptable route is determined. If the width of the house to be relocated is more than thirty-six feet, or if no acceptable travel plan has been filed, and the denial of the permit would cause a hardship, the application and travel plan may be submitted to the chief engineer on appeal. After reviewing the route and travel plan, the chief engineer may in his or her discretion issue the permit after considering the practical physical limitations of the route, the nature and purpose of the move, the size and weight of the house, the distance the house is to be moved, and the safety and convenience of the traveling public. A surety bond in the amount to cover the cost of any damage to the pavement, structures, bridges, roadway or other damages that may occur may be required if deemed necessary by the chief engineer.

324.721. All obstructions, including traffic signals, signs, and utility lines will be removed immediately prior to and replaced immediately after the move at the expense of the housemover, provided that arrangements for and approval from the owner is obtained.

324.724. Irrespective of the route shown on the special permit, an alternate route will be followed:

(1) If directed by a peace officer;

(2) If directed by a uniformed officer assigned to a weighing station to follow a route to a weighing device; or

(3) If the specified route is officially detoured. Should a detour be encountered, the driver shall check with the department of transportation prior to proceeding.

324.727. The house to be transported will not be loaded, unloaded, nor parked, day or night, on a highway right-of-way without specific permission from the director.

324.730. No move will be made when atmospheric conditions render visibility lower than safe for travel. Moves will not be made when highways are covered with snow or ice, or at any time travel conditions are considered unsafe by the director or highway patrol or other law enforcement officers having jurisdiction.

324.733. The permit may be voided if any conditions of the permit are violated. Upon any violation, the permit must be surrendered and a new permit obtained before proceeding. Misrepresentation of information on an application to obtain a license, fraudulently obtaining a permit, alteration of a permit, or unauthorized use of a permit will render the permit void.

324.736. All moves on streets on the municipal system of streets shall comply with local ordinances. The officer in charge of the maintenance of streets of any municipality may issue permits for the use of the streets by housemovers within the limits of such municipalities.

324.739. The speed of moves will be that which is reasonable and prudent for the load, considering weight and bulk, under conditions existing at the time.

324.742. Any person violating sections 324.700 to 324.745 or the regulations of the division or department of transportation shall be guilty of a class A misdemeanor.

324.745. 1. If any provisions of sections 324.700 to 324.745, or if the application of such provisions to any person or circumstance shall be held invalid, the remainder of this section and the application of such provision of sections 324.700 to 324.745 other than those as to which it is held valid, shall not be affected thereby.

2. Nothing in sections 324.700 to 324.745 shall be construed to limit, modify or supercede the standards governing the intrastate or interstate movement of property pursuant to 49 U.S.C. 14501 or 49 U.S.C. 14504.

3. The provisions of sections 324.700 to 324.745 shall not apply to housemovers engaged in the interstate movement of houses. Those engaged in the interstate movement of houses, however, shall comply with all applicable provisions of federal and state law with respect to the movement of such property."; and

Further amend the title and enacting clause accordingly.

"376.1199. 1. Each health carrier or health benefit plan that offers or issues health benefit plans providing obstetrical/gynecological benefits, which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall:

(1) Notwithstanding the provisions of subsection 4 of section 354.618, RSMo, provide enrollees with direct access to the services of a participating obstetrician, participating gynecologist or participating obstetrician/ gynecologist of her choice within the provider network for covered services. The services covered by this subdivision shall be limited to those services defined by the published recommendations of the accreditation council for graduate medical education for training an obstetrician, gynecologist or obstetrician/ gynecologist, including but not limited to diagnosis, treatment and referral for such services. A health carrier shall not impose additional copayments, coinsurance, or deductibles upon any enrollee who seeks or receives health care services pursuant to this subdivision, unless similar additional copayments, coinsurance, or deductibles are

imposed for other types of health care services received within the provider network. Nothing in this subsection shall be construed to require a health carrier to perform, induce, pay for, reimburse, guarantee, arrange, provide any resources for or refer a patient for an abortion, as defined in section 188.015, RSMo, other than a spontaneous abortion or to prevent the death of the female upon whom the abortion is performed, or to supersede or conflict with section 376.805;

(2) Notify enrollees annually of cancer screenings covered by the enrollees' health benefit plan and the current American Cancer Society guidelines for all cancer screenings or notify enrollees at intervals consistent with current American Cancer Society guidelines of cancer screenings which are covered by the enrollees' health benefit plans. (3) Include coverage for services related to diagnosis, treatment and appropriate management of osteoporosis when such services are provided by a person licensed to practice medicine and surgery in this state, for individuals with a condition or medical history for which bone mass measurement is medically indicated for such individual. In determining whether testing or treatment is medically appropriate, due consideration shall be given to peer reviewed medical literature. A policy, provision, contract, plan or agreement may apply to such services the same deductibles, coinsurance and other limitations as apply to other covered services; and

(4) If a health benefit plan provides coverage for pharmaceutical benefits, provide coverage for contraceptives either at no charge or at the same level of deductible, coinsurance or copayment as any other covered drug. No such deductible, coinsurance or copayment shall be greater than any drug on the health benefit plan's formulary. As used in this section, "contraceptive" shall include all prescription drugs and devices approved by the federal Food and Drug Administration for use as a contraceptive, but shall exclude all drugs and devices that are intended to induce an abortion, as defined in section 188.015, RSMo, which shall be subject to the provisions of section 376.805. Nothing in this subdivision shall be construed to exclude coverage for prescription contraceptive drugs or devices ordered by a health care provider with prescriptive authority for reasons other than contraceptive or abortion purposes.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months or less duration, or any other supplemental policy as determined by the director of the department of insurance.

4. Notwithstanding the provisions of subdivision (4) of subsection 1 of this section to the contrary:

(1) Any health carrier may issue to any person or entity purchasing a health benefit plan, a health benefit plan that excludes coverage for contraceptives if the use or provision of such contraceptives is contrary to the moral, ethical or religious beliefs or tenets of such person or entity;

(2) Upon request of an enrollee who is a member of a group health benefit plan and who states that the use or provision of contraceptives is contrary to his or her moral, ethical or religious beliefs, any health carrier shall issue to or on behalf of such enrollee a policy form that excludes coverage for contraceptives. Any administrative costs to a group health benefit plan associated with such exclusion of coverage not offset by the decreased costs of providing coverage shall be borne by the group policyholder or group plan holder;

(3) Any health carrier which is owned, operated or controlled in substantial part by an entity that is operated pursuant to moral, ethical or religious tenets that are contrary to the use or provision of contraceptives shall be exempt from the provisions of subdivision (4) of subsection 1 of this section.

For purposes of this subsection, if new premiums are charged for a contract, plan or policy, it shall be determined to be a new contract, plan or policy.

5. Except for a health carrier that is exempted from providing coverage for contraceptives pursuant to this section, a health carrier shall allow enrollees in a health benefit plan that excludes coverage for contraceptives pursuant to subsection 4 of this section to purchase a rider to the health benefit plan that includes coverage for contraceptives.

6. Any health benefit plan issued by a health carrier described in subdivision (3) of subsection 4 of this section and any group health benefit plan issued pursuant to subsection 1 of this section shall provide clear and conspicuous written notice on the enrollment form or any accompanying materials to the enrollment form and the group health benefit plan contract:

(1) Whether coverage for contraceptives is or is not included;

(2) That an enrollee who is a member of a group health benefit plan with coverage for contraceptives has the right to exclude coverage for contraceptives if such coverage is contrary to his or her moral, ethical or religious beliefs; and

(3) That an enrollee who is a member of a group health benefit plan without coverage for contraceptives has the right to purchase coverage which includes coverage for contraceptives.

7. Health carriers shall not disclose to the person or entity who purchased the health benefit plan the names of enrollees who exclude coverage for contraceptives in the health benefit plan or who purchase a rider to the health benefit plan that includes coverage for contraceptives. Health carriers and the person or entity who purchased the health benefit plan shall not discriminate against an enrollee because the enrollee excluded coverage for contraceptives in the health benefit plan or purchased a rider to the health benefit plan that includes coverage for contraceptives.

8. The department of insurance may promulgate rules necessary to implement the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo."; and

Senator Klarich moved that the above amendment be adopted, which motion prevailed.

Senator Schneider offered SA 8:

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 762, Page 15, Section 208.151, Line 6 of said page, by inserting after all of said line the following:

"354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of [providers] **health care professionals** to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to, provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating [providers] **health care professionals**, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating [providers] **health care professionals** to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating [provider] **health care professional**, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating [providers] **health care professional**, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care [providers] **professionals** in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity[, financial capability] and legal authority of its [providers] **health care professionals** to furnish all contracted benefits to enrollees. **The provisions of this subdivision shall not be construed to require any health care professional to submit copies of such health care professional's income tax returns to a health carrier. A health carrier may require a health care professional to obtain audited financial statements if such health care professional received ten percent or more of the total medical expenditures made by the health carrier.**

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. [Beginning July 1, 1998,] A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the **health** carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The **health** carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

(1) The health carrier's network;

(2) The health carrier's procedures for making referrals within and outside its network;

(3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;

(4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;

- (5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to, the plan's grievance procedures, its process for choosing and changing [providers] **health care professionals**, and its procedures for providing and approving emergency and specialty care;
- (6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;
- (7) The health carrier's process for enabling enrollees to change primary care professionals;
- (8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating [providers] **health care professionals**, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other [providers] **health care professionals** in a timely manner; and
- (9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

354.606. 1. A health carrier shall establish a mechanism by which the participating provider shall be notified on an ongoing basis of the specific covered health services for which the provider shall be responsible, including any limitations or conditions on services.

2. Every contract between a health carrier and a participating provider shall set forth a hold harmless provision specifying protection for enrollees. This requirement shall be met by including a provision substantially similar to the following:

"Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier's enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a covered person."

3. Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier's or intermediary's insolvency or other cessation of operations, covered services to enrollees shall continue through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee's discharge from an inpatient facility, whichever time is greater.

4. The contract provisions satisfying the requirements of subsections 2 and 3 of this section shall:

(1) Be construed in favor of the enrollee;

(2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and

(3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections 2 and 3 of this section.

5. In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider's contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

6. (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

(a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization.

(2) Paragraphs (a) and (b) of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.

(3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.

7. A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.

8. A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

9. No contract between a health carrier and a provider for the delivery of health care service, entered into or renewed after August 28, 2001, shall require the mandatory use of a hospitalist. For purposes of this subsection, "hospitalist" means a physician who becomes a physician of record at a hospital for a patient of a participating provider and who may return the care of the patient to that participating provider at the end of hospitalization.

[9.] **10.** A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.

[10.] **11.** A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

[11.] **12.** A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records.

[12.] **13.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.

[13.] **14.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.

[14.] **15.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.

[15.] **16.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.

[16.] **17.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.

[17.] **18.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[18.] **19.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[19.] **20.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636."; and

Further amend section 354.900, page 19, line 24, by adding after all of said line the following:

- (2) Specifies each reason for denial.

[An insurer, nonprofit health service plan or health maintenance organization that fails to comply with this subsection shall pay interest on any amount of the claim that remains unpaid at the monthly rate of one percent.]

7. The failure of the health care professional to provide and the health carrier to receive all requested information pursuant to subsections 2 or 3 of this section by the one hundred twentieth day after the initial receipt of the original claim may be a proper ground for denying all or part of the claim.

8. A health carrier that fails to pay or deny a claim pursuant to the requirements of this section shall pay, in addition to interest, a penalty prescribed by this subsection. Beginning January 1, 2002, for a claim received by a health carrier or a third party contracted with said health carrier to receive or process the claim which is not paid or denied as required by this section, a penalty shall accrue in the amount of twenty-five dollars per day for each day all or part of the claim, interest in excess of five dollars, or penalty remains unpaid. If such claim and interest are paid in their entirety prior to day sixty, then no penalty shall accrue;

[5. A provider who is paid interest under this section shall pay the proportionate amount of said interest to the enrollee or insured to the extent and for the time period that the enrollee or insured had paid for the services and for which reimbursement was due to the insured or enrollee.

6.] **9.** This section shall become effective [April 1, [1999] **January 1, 2002.**

10. Nothing in this section shall apply to workers' compensation claims filed pursuant to chapter 287, RSMo.

376.384. 1. For purposes of this section, "health care professional" means the same as such term is defined in section 376.1350 and "health carrier" means the same as such term is defined in section 376.1350. Any health carrier shall:

(1) Permit health care professionals to file a claim for reimbursement for a health care service provided in this state as defined in section 376.1350 for a period of up to one hundred eighty days from the date of service;

(2) Not request a refund or offset against a claim more than one hundred eighty days after a carrier has paid a claim except in cases of fraud or material misrepresentation by the health care professional;

(3) The health carrier shall, upon request, provide any contracted health care professional with a fee schedule with the carrier's reimbursement rates for no less than thirty procedure codes for the most commonly performed services for which the health care professional is contracted to provide;

(4) Issue within one working day a confirmation of receipt of an electronically filed claim by a health care professional or entity that submitted the claim, unless the claim is paid during such time.

2. On or after January 1, 2003, all claims submitted electronically for reimbursement for a health care service provided in this state shall be submitted in a uniform format utilizing standard medical code sets. The uniform format and the standard medical code sets shall be promulgated by the department of insurance through rules consistent with but no more stringent than the federal administrative simplification standards adopted pursuant to the Health Insurance Portability and Accountability Act of 1996. Any claim submitted in a nonelectronic format after January 1, 2002, shall not be subject to the provisions of subsection 8 of section 376.383; however, interest shall accrue on claims filed in a nonelectronic format that are not paid or denied in accordance with section 376.383. A health carrier shall provide electronic filing after January 1, 2002.

3. Nothing in this section shall apply to workers' compensation claims filed pursuant to chapter 287, RSMo.

376.406. 1. 2. The coverage for newly born children shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities.

3. If payment of a specific premium or subscription fee is required to provide coverage for a child, the [policy or contract] health benefit plan may require that notification of birth of a newly born child and payment of the required premium or fees must be furnished to the [insurer or nonprofit service or indemnity corporation] health carrier within thirty-one days after the date of birth in order to have the coverage continue beyond such thirty-one day period. If an application or other form of enrollment is required in order to continue coverage beyond the thirty-one-day period after the date of birth and the enrollee has notified the health carrier of the birth, either orally or in writing, the health carrier shall, upon notification, provide the enrollee with all forms and instructions necessary to enroll the newly born child and shall allow the enrollee an additional ten days from the date the forms and instructions are provided in which to enroll the newly born child.

4. The requirements of this section shall apply to all [insurance policies and subscriber contracts] health benefit plans delivered or issued for delivery in this state [more than one hundred twenty days after August 13, 1974] on or after August 28, 2001.

5. For the purposes of this section, any review, renewal, extension, or continuation of any [plan, policy, or contract] health benefit plan or of any of the terms, premiums, or subscriptions of the [plan, policy, or contract] health benefit plan shall constitute a new delivery or issuance for delivery of the [plan, policy or contract] health benefit plan.

6. As used in this section, the terms "health benefit plan", "health carrier", and "enrollee" shall have the same meaning as defined in section 376.1350."; and

Further amend the title and enacting clause accordingly.

Senator Schneider moved that the above amendment be adopted.

Senator Caskey offered SSA 1 for SA 8:

SENATE SUBSTITUTE AMENDMENT NO. 1 FOR

SENATE AMENDMENT NO. 8

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 762, Page 15, Section 208.151, Line 6 of said page, by inserting after all of said line the following:

"354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of [providers] **health care professionals** to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to, provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating [providers] **health care professionals**, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating [providers] **health care professionals** to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating [provider] **health care professional**, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating [providers] **health care professional**, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care [providers] **professionals** in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity[, financial capability] and legal authority of its [providers] **health care professionals** to furnish all contracted benefits to enrollees. **The provisions of this subdivision shall not be construed to require any health care professional to submit copies of such health care professional's income tax returns to a health carrier. A health carrier may require a health care professional to obtain audited financial statements if such health care professional received ten percent or more of the total medical expenditures made by the health carrier.**

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. [Beginning July 1, 1998,] A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the **health** carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any

information deemed by the director to be proprietary, to any interested party upon request. The **health** carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

- (1) The health carrier's network;
- (2) The health carrier's procedures for making referrals within and outside its network;
- (3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;
- (4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;
- (5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to, the plan's grievance procedures, its process for choosing and changing [providers] **health care professionals**, and its procedures for providing and approving emergency and specialty care;
- (6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;
- (7) The health carrier's process for enabling enrollees to change primary care professionals;
- (8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating [providers] **health care professionals**, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other [providers] **health care professionals** in a timely manner; and
- (9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

354.606. 1. A health carrier shall establish a mechanism by which the participating provider shall be notified on an ongoing basis of the specific covered health services for which the provider shall be responsible, including any limitations or conditions on services.

2. Every contract between a health carrier and a participating provider shall set forth a hold harmless provision specifying protection for enrollees. This requirement shall be met by including a provision substantially similar to the following:

"Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier's enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a

covered person."

3. Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier's or intermediary's insolvency or other cessation of operations, covered services to enrollees shall continue through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee's discharge from an inpatient facility, whichever time is greater.

4. The contract provisions satisfying the requirements of subsections 2 and 3 of this section shall:

(1) Be construed in favor of the enrollee;

(2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and

(3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections 2 and 3 of this section.

5. In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider's contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

6. (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

(a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization.

(2) Paragraphs (a) and (b) of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.

(3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.

7. A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.

8. A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

9. No contract between a health carrier and a provider for the delivery of health care service, entered into or renewed after August 28, 2001, shall require the mandatory use of a hospitalist. For purposes of this subsection,

"hospitalist" means a physician who becomes a physician of record at a hospital for a patient of a participating provider and who may return the care of the patient to that participating provider at the end of hospitalization.

[9.] **10.** A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.

[10.] **11.** A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

[11.] **12.** A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records.

[12.] **13.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.

[13.] **14.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.

[14.] **15.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.

[15.] **16.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.

[16.] **17.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.

[17.] **18.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[18.] **19.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[19.] **20.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636."; and

Further amend section 354.900, page 19, line 24, by adding after all of said line the following:

"376.383. 1. To the extent consistent with the Employee Retirement Income Security Act of 1974 (ERISA), 29 U.S.C. 1001, et seq., this section shall apply to any health [insurer] **carrier** as defined in section [376.806, any nonprofit health service plan and any health maintenance organization] **376.1350.**

2. Within [forty-five] **thirty** days after receipt of a claim **by a health carrier or a third party contracted with said health carrier to receive or process the claim** for reimbursement [from a person entitled to reimbursement] **for a health care service provided in this state as defined in section 376.1350**, a health [insurer, nonprofit health service plan or health maintenance organization] **carrier** shall pay the claim in accordance with this section or send a notice of receipt and status of the claim that states:

(1) That the [insurer, nonprofit health service plan or health maintenance organization] **health carrier** refuses to

reimburse all or part of the claim and the reason for the refusal; or

(2) That **a request for** additional information is necessary to determine if all or part of the claim will be reimbursed and what specific additional information is necessary[.] **to process the entire claim for payment. The health carrier must acknowledge receipt to the health care professional or entity that submitted the claim of all the requested additional information or pay the claim. Acknowledgment may be through electronic means.**

3. Within forty-five days after receipt of a claim by a health carrier or a third party contracted with said health carrier to receive or process the claim for reimbursement for a health care service provided in this state as defined in section 376.1350, a health carrier shall pay the claim in accordance with this section or send a notice of receipt and status of the claim that states:

[3.] **4. If [an insurer, nonprofit health service plan or health maintenance organization] a health carrier fails to comply with subsection 2 or 3 of this section, the [insurer, nonprofit health service plan or health maintenance organization] health carrier shall pay interest on the amount of the claim that remains unpaid forty-five days after the claim is [filed] received by the health carrier or a third party contracted with said health carrier to receive or process the claim at the monthly rate of one percent. The interest paid pursuant to this subsection shall be included in any late reimbursement without the necessity for the person that filed the original claim to make an additional claim for that interest. A carrier may combine interest payments and make payment once the aggregated amount reaches five dollars.**

5. All claims shall be deemed complete claims upon receipt until such time as it is determined that additional information is required in order to pay the claim. If additional information is requested pursuant to subsection 2 or 3 of this section, the claim shall again be deemed complete upon receipt of all additional information requested. For the purpose of calculating the number of days pursuant to this section, the counting of days shall begin on the day the claim is received by the health carrier or a third party contracted with said health carrier to receive or process the claim. The counting of days shall be suspended the day following the day the health care professional receives a request for additional information pursuant to this section and the counting of days shall resume again once all the additional information requested is received by the health carrier or a third party contracted with said health carrier to receive or process the claim. All requests for additional information may be made electronically.

[4.] **6. Within [ten] sixty days after the day on which [all additional information is received] a claim is received by [an insurer, nonprofit health service plan or health maintenance organization] a health carrier or a third party contracted with said health carrier to receive or process the claim, [it] said health carrier shall pay the claim in accordance with this section or send a written notice that:**

(1) States refusal to reimburse the claim or any part of the claim; and

(2) Specifies each reason for denial.

[An insurer, nonprofit health service plan or health maintenance organization that fails to comply with this subsection shall pay interest on any amount of the claim that remains unpaid at the monthly rate of one percent.]

7. 8. A health carrier that fails to pay or deny a claim pursuant to the requirements of this section shall pay, in addition to interest, a penalty prescribed by this subsection. Beginning January 1, 2002, for a claim received by a health carrier or a third party contracted with said health carrier to receive or process the claim which is not paid or denied as required by this section, a penalty shall accrue in the amount of fifty dollars per day for each day all or part of the claim, interest in excess of five dollars, or penalty remains unpaid. If such claim and interest are paid in their entirety prior to day sixty, then no penalty shall accrue;

[5. A provider who is paid interest under this section shall pay the proportionate amount of said interest to the enrollee or insured to the extent and for the time period that the enrollee or insured had paid for the services and for which reimbursement was due to the insured or enrollee.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-EIGHTH DAY--TUESDAY, MAY 8, 2001

The Senate met pursuant to adjournment.

Senator Gross in the Chair.

Reverend Carl Gauck offered the following prayer:

"The path of the righteous is like the light of dawn, which shines brighter and brighter until full day." (Proverbs 4:18)

We praise You Lord God, that the longer we walk in Your way the stronger becomes Your leadership and lordship in our lives. So we pray that You guide us in the way of righteousness for the sake of Your love at work in us, which then touches our world through what we do in this chamber. And we pray for former Senator Melton at the death of his son; may You guide and support the Melton family during this, their time of grief. In Your Holy Name we pray. Amen.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-NINTH DAY--WEDNESDAY, MAY 9, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

Hans Seale wrote: "A little stress is like a little salt, it flavors the moment...(but) excessive stress is killing us."

Gracious God, many of us thrive on the stress to accomplish those things we have set out to do; it excites our days and gives us a sense of purpose. But we also know that in these closing days with much yet to be done and much more to bring to completion the little stress becomes greater and our bodies and spirits feel its negative effects. So we pray, calm our hearts and minds with Your presence, let Your healing peace quiet our stressful moments and give us a sense of faithfulness to get done only what must be brought to completion. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE AMENDMENT NO. 8

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 385, Page 7, Section 56.816, Line 10 of said page, by inserting immediately after said line the following:

"104.374. 1. The normal annuity of a member, other than a member of the general assembly or a member who served in an elective state office, shall be an amount equal to one and six-tenths percent of the average compensation of the member multiplied by the number of years of creditable service of the member. Years of membership service and twelfths of a year are to be used in calculating any annuity. Absences for sickness and injury of less than twelve

months or for military service or training under subsection 2 of section 104.330 shall be counted as years of membership service.

2. In addition to the amount determined pursuant to subsection 1 of this section, the normal annuity of a uniformed member of the water patrol shall be increased by thirty-three and one-third percent of the benefit.

3. Employees who are fully vested at the age of sixty-five years and who continue to be employed by an agency covered under the system or members of the general assembly who serve in the general assembly after the age of sixty-five years shall have added to their normal annuity when they retire or die an amount equal to the total of all annual cost-of-living increases that the retired members of the system received during the years between when the employee or member of the general assembly reached sixty-five years of age and the year that the employee or member of the general assembly terminated employment or died. In no event shall the total increase in compensation granted under this subsection and subsection 2 of section 104.612 exceed sixty-five percent of the person's normal annuity calculated at the time of retirement or death.

4. In addition to the amount determined pursuant to subsection 1 of this section, the normal annuity of a uniformed conservation agent shall be increased by thirty-three and one-third percent of the benefit.

104.610. 1. Any person, who is receiving or hereafter may receive state retirement benefits from the Missouri state employees' retirement system other than a person with twelve or more years of service in statewide state elective office receiving benefits pursuant to the provisions of section 104.371, a legislators' retirement system, or the highways and transportation employees' and highway patrol retirement system, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the state retirement benefits the person would be receiving currently if the person had benefited from changes in the law effecting increases in the rate in the formula for calculating benefits in his or her respective retirement system, for his or her type of employment or for those persons having accrued thirty-five or more years of creditable service, changes in the law pertaining to the age and service requirements for a normal annuity in his or her respective retirement system, made subsequent to the date of his or her retirement; except that in calculating such benefits the meaning of "average compensation" shall be that ascribed to it by the law in effect on the date on which the benefits pursuant to this section are calculated.

2. In lieu of any other benefits pursuant to the provisions of this section, any member of the Missouri state employees' retirement system who has or may hereafter retire pursuant to the provisions of section 104.371, pertaining to those members who have held statewide state elective office for at least twelve years, may apply pursuant to this section to be employed as a special consultant and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received initially on his or her retirement, shall be equal to the state retirement benefits the person would be receiving if the person had benefited from changes in the law affecting increases in compensation for statewide state elective offices, pursuant to house substitute for senate bill no. 528, second regular session of the eighty-second general assembly, any other provisions of the law to the contrary notwithstanding.

3. This compensation shall be consolidated with any other retirement benefits payable to the person, and shall be funded as provided in section 104.436.

4. This compensation shall be treated as any other state retirement benefits payable by the Missouri state employees' retirement system or the highways and transportation employees' and highway patrol retirement system are treated and shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, anything to the contrary notwithstanding.

5. The employment provided for by this section shall in no way affect any person's eligibility for retirement benefits pursuant to this chapter, or in any way have the effect of reducing retirement benefits, anything to the contrary

notwithstanding.

6. In order to determine the total monthly state retirement compensation due each retiree who is eligible for the additional amount provided for in subsection 1 of this section, the following formula shall be used:

(1) The retiree's base monthly retirement compensation shall be determined by dividing the sum of the retiree's annual normal annuity as of the effective date of any increase in the rate in the formula for calculating benefits in his or her respective retirement system plus any annual increases granted such retiree as a result of his or her being a consultant, by twelve;

(2) The amount determined pursuant to subdivision (1) of this subsection shall be increased by an amount equal to the base monthly retirement compensation calculated pursuant to subdivision (1) of this subsection multiplied by the percentage increase in the rate in the formula;

(3) The sum obtained from completing the calculations contained in subdivisions (1) and (2) of this subsection shall be the retiree's new total monthly state retirement compensation. Any retiree who is eligible for the benefit provided in subsection 1 of this section whose benefit pursuant to subsection 1 of this section was not calculated in accordance with the procedure provided in this subsection shall have his or her total monthly retirement compensation for all months beginning on or after September 28, 1985, recalculated in accordance with this subsection.

7. The provisions of this section are severable. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or otherwise invalid, the remaining provisions of this section are valid unless the court finds that such valid provisions, standing alone, are incomplete and incapable of being executed in accordance with the legislative intent.

8. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be eligible to elect to receive a retirement annuity pursuant to the year 2000 plan as provided in this chapter.

9. Any person who is receiving or hereafter may receive retirement benefits pursuant to section 104.374, and would qualify for a benefit pursuant to subsection 4 of section 104.374 if such person were an active employee or beneficiary of an active employee, such person shall, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the retirement benefits the person would be receiving currently if the person had benefitted from changes in the law effecting increases pursuant to subsection 4 of section 104.374.

10. Effective August 28, 2000, any person otherwise eligible for survivor benefits due to the death of a member prior to retirement, who was married less than two years to the member at the time of the member's death, shall, upon application to the board, be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters. As a special consultant pursuant to the provisions of this subsection, the person shall begin to receive a survivor benefit in a monthly amount equal to what the system would have paid the person had the person been eligible for such survivor benefit upon the death of the member. Such benefit shall commence the first of the month following receipt by the system of an application from such person, but not earlier than September 1, 2000. In no event shall any retroactive benefits be paid."; and

SEVENTIETH DAY--THURSDAY, MAY 10, 2001

The Senate met pursuant to adjournment.

Senator Klarich in the Chair.

Reverend Carl Gauck offered the following prayer:

Evangelist Bruce Wilkinson tells us: "Although most Americans believe in prayer, they save it for emergencies," but should pray like Jabez in a daily mantra for God's wealth of Spirit, to ask God "to bless me indeed." (And) "God granted him what he requested."

Almighty God, King of the Universe, "Oh, that You would bless us indeed and enlarge our territory, that Your hand would be with us, and that You would keep us from evil, that we may not cause pain." Amen (paraphrased prayer of Jabez, I Chronicles 4:10)

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

HOUSE COMMITTEE SUBSTITUTE FOR
SENATE CONCURRENT RESOLUTION NO. 28

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production and efficient use of energy; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs and these high prices are negatively impacting their quality of life; and

WHEREAS, the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel costs that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by increasing domestic production and encouraging the development of markets for products that can be used as the source material for renewable alternative fuels:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate of the Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to actively address the issue of fuel prices and take immediate actions necessary to reduce our nation's dependency on foreign petroleum sources, boost our own economy, and increase energy efficiency by:

- (1) Encouraging exploration for domestic petroleum sources in a manner that does not, based on established scientific principles, adversely impact the environment;
- (2) Encouraging and creating incentives for fuel conservation measures that do not, based on established economic principles, harm the economy; and
- (3) Encouraging and creating incentives for research, development and use of solar and other alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives, Secretary Gale Norton of the United States Department of the Interior, Secretary Spencer Abraham of the United States Department of Energy, Secretary Ann M. Veneman of the United States Department of Agriculture, Administrator Christine Todd Whitman of the United States Environmental Protection Agency, the White House Office of Management and Budget, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted the Conference Committee Report on **SCS** for **HCS** for **HB 12** and has taken up and passed **CCS** for **SCS** for **HCS** for **HB 12**.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House refuses to recede from its position on **HCS** for **SB 319**, as amended, and grants the Senate a conference thereon.

The Speaker of the House has appointed the following committee to act with a like committee from the Senate. Representatives: Johnson 61, Relford, Franklin, Myers and Shields.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House refused to adopt the Conference Committee Report on **HCS** for **SCS** for **SB 151** and requests further conference.

President Pro Tem Kinder assumed the Chair.

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-FIRST DAY--FRIDAY, MAY 11, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"O LORD, you are Father; we are the clay, and you are our potter; we are all the work of your hand." (Isaiah 64:8)

Creator God, as You created all that exists and have molded and formed us to be Your children, we celebrate our spiritual identity and share the joy of Your re-creating us daily for Your good purposes. As we leave here to return to our homes and loved ones let us rest in You and be renewed in spirit, mind and body so that we are ready to face the challenges that each new day will certainly bring us. And Father, bless our doorkeeper, Bill Wyrick, with Your comforting presence as he mourns the death of his wife; provide him strength and the memory of Your goodness and mercy. In Your Holy Name we pray. Amen.

MISCELLANEOUS

Remarks by President Pro Tem Peter Kinder honoring former President Pro Tem Edward E. Quick at the hanging of his portrait on the Wall of the Presidents Pro Tem. Remarks were also made by Senators Scott and Mathewson.

Our ceremony today concerns the placement of a portrait in what I believe is one of the most distinguished galleries in our state. This Wall of the Presidents Pro Tem carries the images of men for whom I have always had great respect. Some of these men I know but by reputation. Others are those with whom I have served here in this chamber. I respect each of them. And I can tell you, that in the last four months, my respect for these men has grown more than anyone who is not on that wall can imagine.

The Wall of the Presidents Pro Tem is an important part of this chamber. Of course, it is also the subject of wit by our venerable Senate wags. One of them observed that the difference between earning a place on this wall and a lynching is that in the case of this wall, the pain comes before the hanging.

Be that as it may, these are great Senators who have earned their place on this wall, and in the history of this state. They are great servants to their constituents and to all citizens of Missouri. In addition to their own citizens, they have served what may be the state's toughest constituency: the Senate itself.

Today, we honor a president pro tem with whom I have worked in a way that neither of us probably ever expected. He and I are the only two men in the history of this state to have served as pro tem and co-pro tem. Together we faced a fundamental challenge that has faced no other Senate. We worked together, at the behest of our respective caucuses, and we worked to keep the Senate going while the voters were able to have a final say in the makeup of this chamber.

We did not always agree, but we never deeply disagreed. Through it all, he was an honorable man and conducted himself in a way that put the best interests of the Senate ahead of his own interests. That is the mark of a good leader.

I have never served as Senate Majority Floor Leader. I have never served as Senate Minority Floor Leader. I have served as Senate President Pro Tem. The Senator we honor here today is, to my knowledge, the only Senator to have served this body in all three of those leadership positions. In each, this Senator has proved he is a worthy leader and an honorable colleague. He is a true Senator and is deserving of the place of honor this body has assured him on the Wall of the Presidents Pro Tem.

Ladies and Gentlemen: the portrait of the Senator from Clay, Senator Ed Quick.

Reverend Carl Gauck offered the following prayer:

"(O LORD,) you hem me in, behind and before, and lay your hand upon me." (Psalm 139:5)

O Lord our God, You know all our deeds and thoughts intimately. So lay now Your hand upon us and fill us with the knowledge of Your grace-filled presence so that we, in turn, may share this miracle of grace with others who feel the stressors and tensions and short tempers as we do. Bless us with Your peace and grace this week because You surely know we will need it. In Your Holy Name we pray. Amen.

Prior to the superintendent or the patrol making an initial recommendation of discipline, the member shall be entitled to a copy of any investigation reports and any other written or recorded information or other evidence reviewed by the patrol which relates to the complaint; and the member will be afforded an opportunity to present a written response thereto.

3. Notwithstanding any provisions in the preceding subsection, the superintendent may postpone notifying the member that a complaint has been filed and may withhold the complaint and part or all of the investigation report and other

SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for House Bill No. 678, Page 22, Section 130.016, Line 88, by inserting the following:

"130.016. 1. No candidate for statewide elected office, general assembly, judicial office other than municipal judge, or municipal office in a city with a population of more than one hundred thousand shall be required to comply with the requirements to file a statement of organization or disclosure reports of contributions and expenditures for any election in which neither the aggregate of contributions received nor the aggregate of expenditures made on behalf of such candidate exceeds five hundred dollars and no single contributor, other than the candidate, has contributed more than two hundred [fifty] **seventy-five** dollars of the aggregate contributions received, provided that:

(1) The candidate files a sworn exemption statement with the appropriate officer that the candidate does not intend to either receive contributions or make expenditures in the aggregate of more than five hundred dollars or receive contributions from any single contributor, other than himself or herself, that aggregate more than two hundred [fifty] **seventy-five** dollars and that the total of all contributions received or expenditures made by the candidate and all

committees or any other person with his knowledge and consent in support of his candidacy will not exceed five hundred dollars and that the aggregate of contributions received from any single contributor will not exceed two hundred [fifty] **seventy-five** dollars. Such exemption statement shall be filed no later than the date set forth in section 130.046 on which a disclosure report would otherwise be required if the candidate does not file the exemption statement. The exemption statement shall be filed on a form furnished to each appropriate officer by the executive director of the Missouri ethics commission. Each appropriate officer shall make the exemption statement available to candidates and shall direct each candidate's attention to the exemption statement and explain its purpose to the candidate; and

(2) The sworn exemption statement includes a statement that the candidate understands that records of contributions and expenditures must be maintained from the time the candidate first receives contributions or makes expenditures and that an exemption from filing a statement of organization or disclosure reports does not exempt the candidate from other provisions of this chapter. Each candidate described in subsection 1 of this section, who files a statement of exemption, shall file a statement of limited activity for each reporting period, described in section 130.046.

2. Any candidate who has filed an exemption statement as provided in subsection 1 of this section shall not accept any contribution or make any expenditure in support of the person's candidacy, either directly or indirectly or by or through any committee or any other person acting with the candidate's knowledge and consent, which would cause such contributions or expenditures to exceed the limits specified in subdivision (1) of subsection 1 of this section unless the candidate later rejects the exemption pursuant to the provisions of subsection 3 of this section. Any contribution received in excess of such limits shall be returned to the donor or transmitted to the state treasurer to escheat to the state.

3. If, after filing the exemption statement provided for in this section, the candidate subsequently determines the candidate wishes to exceed any of the limits in subdivision (1) of subsection 1 of this section, the candidate shall file a notice of rejection of the exemption with the appropriate officer; however, such rejection shall not be filed later than thirty days before election. A notice of rejection of exemption shall be accompanied by a statement of organization as required by section 130.021 and any other statements and reports which would have been required if the candidate had not filed an exemption statement.

4. A primary election and the immediately succeeding general election are separate elections, and restrictions on contributions and expenditures set forth in subsection 2 of this section shall apply to each election; however, if a successful primary candidate has correctly filed an exemption statement prior to the primary election and has not filed a notice of rejection prior to the date on which the first disclosure report applicable to the succeeding general election is required to be filed, the candidate shall not be required to file an exemption statement for that general election if the limitations set forth in subsection 1 of this section apply to the succeeding general election.

5. A candidate who has an existing candidate committee formed for a prior election for which all statements and reports required by this chapter have been properly filed shall be eligible to file the exemption statement as provided in subsection 1 of this section and shall not be required to file the disclosure reports pertaining to the election for which the candidate is eligible to file the exemption statement if the candidate and the treasurer or deputy treasurer of such existing candidate committee continue to comply with the requirements, limitations and restrictions set forth in subsections 1, 2, 3 and 4 of this section. The exemption permitted by this subsection does not exempt a candidate or the treasurer of the candidate's existing candidate committee from complying with the requirements of subsections 6 and 7 of section 130.046 applicable to a prior election.

6. No [nonpartisan] candidate for supreme court, circuit court, or associate circuit court, or candidate for political party office, or for county office or municipal office in a city of one hundred thousand or less, or for any special purpose district office shall be required to file an exemption statement pursuant to this section in order to be exempted from forming a committee and filing disclosure reports required of committees pursuant to this chapter if the aggregate of contributions received or expenditures made by the candidate and any other person with the candidate's knowledge and consent in support of the person's candidacy does not exceed one thousand dollars and the aggregate of contributions from any single contributor does not exceed two hundred [fifty] **seventy-five** dollars. No candidate for any office listed in this subsection shall be excused from complying with the provisions of any section of this chapter, other than

the filing of an exemption statement under the conditions specified in this subsection.

7. If any candidate for an office listed in subsection 6 of this section exceeds the limits specified in subsection 6 of this section, the candidate shall form a committee no later than thirty days prior to the election for which the contributions were received or expended which shall comply with all provisions of this chapter for committees."; and

"135.230. 1. The exemption or credit established and allowed by section 135.220 and the credits allowed and established by subdivisions (1), (2), (3) and (4) of subsection 1 of section 135.225 shall be granted with respect to any new business facility located within an enterprise zone for a vested period not to exceed ten years following the date upon which the new business facility commences operation within the enterprise zone and such exemption shall be calculated, for each succeeding year of eligibility, in accordance with the formulas applied in the initial year in which the new business facility is certified as such, subject, however, to the limitation that all such credits allowed in sections

135.225 and 135.235 and the exemption allowed in section 135.220 shall be removed not later than fifteen years after the enterprise zone is designated as such. No credits shall be allowed pursuant to subdivision (1), (2), (3) or (4) of subsection 1 of section 135.225 or section 135.235 and no exemption shall be allowed pursuant to section 135.220 unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two or the new business facility is a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200. In order to qualify for either the exemption pursuant to section 135.220 or the credit pursuant to subdivision (4) of subsection 1 of section 135.225, or both, it shall be required that at least thirty percent of new business facility employees, as determined by subsection 4 of section 135.110, meet the criteria established in section 135.240 or are residents of an enterprise zone or some combination thereof, except taxpayers who establish a new business facility by operating a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200 or any taxpayer that is an insurance company that established a new business facility satisfying the requirements of subdivision (8) of section 135.100 located within an enterprise zone after June 30, 1993, and before December 31, 1994, and that employs in excess of three hundred fifty new business facility employees at such facility each tax period for which the credits allowable pursuant to subdivisions (1) to (4) of subsection 1 of section 135.225 are claimed shall not be required to meet such requirement. A new business facility described as SIC 3751 shall be required to employ fifteen percent of such employees instead of the required thirty percent. For the purpose of satisfying the thirty-percent requirement, residents must have lived in the enterprise zone for a period of at least one full calendar month and must have been employed at the new business facility for at least one full calendar month, and persons qualifying because they meet the requirements of section 135.240 must have satisfied such requirement at the time they were employed by the new business facility and must have been employed at the new business facility for at least one full calendar month. The director may temporarily reduce or waive this requirement for any business in an enterprise zone with ten or less full-time employees, and for businesses with eleven to twenty full-time employees this requirement may be temporarily reduced. No reduction or waiver may be granted for more than one tax period and shall not be renewable. The exemptions allowed in sections 135.215 and 135.220 and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245 shall not be allowed to any "public utility", as such term is defined in section 386.020, RSMo. **For the purposes of achieving the fifteen percent employment requirement set forth in this subsection, a new business facility described as NAICS 336991 may count employees who were residents of the enterprise zone at the time they were employed by the new business facility and for at least ninety days thereafter, regardless of whether such employees continue to reside in the enterprise zone, so long as the employees remain employed by the new business facility and residents of the state of Missouri.**

2. Notwithstanding the provisions of subsection 1 of this section, motor carriers, barge lines or railroads engaged in transporting property for hire or any interexchange telecommunications company that establish a new business facility shall be eligible to qualify for the exemptions allowed in sections 135.215 and 135.220, and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245, except that trucks, truck-trailers, truck semitrailers, rail or barge vehicles or other rolling stock for hire, track, switches, bridges, barges, tunnels, rail yards and spurs shall not constitute new business facility investment nor shall truck drivers or rail or barge vehicle operators constitute new business facility employees.

3. Notwithstanding any other provision of sections 135.200 to 135.256 to the contrary, motor carriers establishing a new business facility on or after January 1, 1993, but before January 1, 1995, may qualify for the tax credits available pursuant to sections 135.225 and 135.235 and the exemption provided in section 135.220, even if such new business facility has not satisfied the employee criteria, provided that such taxpayer employs an average of at least two hundred persons at such facility, exclusive of truck drivers and provided that such taxpayer maintains an average investment of at least ten million **dollars** at such facility, exclusive of rolling stock, during the tax period for which such credits and exemption are being claimed.

4. Any governing authority having jurisdiction of an area that has been designated an enterprise zone may petition the department to expand the boundaries of such existing enterprise zone. The director may approve such expansion if the director finds that:

(2) The area to be expanded is contiguous to the existing enterprise zone; **and**

(3) The number of expansions do not exceed three after August 28, 1994.

5. Notwithstanding the fifteen-year limitation as prescribed in subsection 1 of this section, any governing authority having jurisdiction of an area that has been designated as an enterprise zone by the director, except one designated pursuant to this subsection, may file a petition, as prescribed by the director, for redesignation of such area for an additional period not to exceed seven years following the fifteenth anniversary of the enterprise zone's initial designation date; provided:

(1) The petition is filed with the director within three years prior to the date the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 are required to be removed pursuant to subsection 1 of this section;

(2) The governing authority identifies and conforms the boundaries of the area to be designated a new enterprise zone to the political boundaries established by the latest decennial census, unless otherwise approved by the director;

(3) The area satisfies the requirements prescribed in subdivisions (3), (4) and (5) of section 135.205 according to the latest decennial census or other appropriate source as approved by the director;

(4) The governing authority satisfies the requirements prescribed in sections 135.210, 135.215 and 135.255;

(5) The director finds that the area is unlikely to support reasonable tax assessment or to experience reasonable economic growth without such designation; and

(6) The director's recommendation that the area be designated as an enterprise zone, is approved by the joint committee on economic development policy and planning, as otherwise required in subsection 3 of section 135.210.

6. Any taxpayer having established a new business facility in an enterprise zone except one designated pursuant to subsection 5 of this section, who did not earn the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 for the full ten-year period because of the fifteen-year limitation as prescribed in subsection 1 of this section, shall be granted such benefits for ten tax years, less the number of tax years the benefits were claimed or could have been claimed prior to the expiration of the original fifteen-year period, except that such tax benefits shall not be earned for more than seven tax periods during the ensuing seven-year period, provided the taxpayer continues to operate the new business facility in an area that is designated an enterprise zone pursuant to subsection 5 of this section. Any taxpayer who establishes a new business facility subsequent to the commencement of the ensuing seven-year period, as authorized in subsection 5 of this section, may qualify for the tax credits authorized in sections 135.225 and 135.235, and the exemptions authorized in sections 135.215 and 135.220, pursuant to the same terms and conditions as prescribed in sections 135.100 to 135.256. The designation of any enterprise zone pursuant to subsection 5 of this section shall not be subject to the fifty enterprise zone limitation imposed in subsection 4 of section 135.210."; and

A municipality located in a charter county may impose a sales tax on all retail sales for capital improvements as provided in section 94.890. 8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any municipality for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such municipalities. If any municipality abolishes the tax, the municipality shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts.
